THREE DAY EVENT HORSE . . .

The ultimate goal of the good brush horse is England's Grand National Steeplechase. Good timber horses climb the ladder to the Maryland Hunt Cup. The top hunter can have no higher goal than the Three Day Event Competition, before he passes his prime.

Just what does one look for in the prospective Three Day Event horse?

First of all, we must look for soundness. There is nothing but disappointment in store for the individual who takes a chance on a bad footed horse, one whose bone structure is faulty, or one whose conformation predisposes him to crippling injury when put in hard training.

Disposition is another characteristic of prime importance. Only horses of good character and willing obedience under all circumstances are worth schooling. Getting the horse fit for competition entails work which is far too exciting for the ill tempered or congenitally flighty. Even the best of them, when they become razor sharp in condition, have a very definite similarity to a powder keg. There is no use having a built in match to set off the explosion. A blow up in the Dressage phase will cost you your chance for high placement in the competition, unless you are in pretty mediocre company.

Of equal importance is natural and acquired courage and endurance. Many naturally courageous horses are ruined by poor training—the ignorant rider asking for efforts for which they are neither physically nor mentally prepared. By the same token, many which are naturally timid can have their confidence bolstered by the intelligent trainer to the point where nothing within reason will stop them.

Endurance in the horse is similar to endurance in the human athlete. Some naturally can hang on to the last whistle, while others peter out, no matter how skillfully they are prepared. Good breeding and good action will carry a pretty tired horse over the finish line, where his less fortunate rival may cave in. In the modern Three Day Event, terrain getting more and more difficult, particularly in Olympic Competition. Obstacles are generally placed to call for the horses' best effort. You are not going to win without piling up a goodly supply of bonus points on both the Steeplechase and Cross-country phases. This takes endurance and lots of it.

Equally necessary is exceptional agility and jumping ability. On the Steeplechase you can gather 36 bonus points. On the Cross-country your maximum bonus credit is 72 points. A fall will cost you 60 penalty points. Similarly, on the third day of the competition, jumping in the stadium, a sloppy jumper can lose a commanding lead by taking down fences at the price of 10 penalty points per obstacle. The Three Day horse need not be a Grand Prix jumper, but he has to be close enough to it to be considered a first class show jumping individual.

It is always an asset to have a good looking horse. This is not the flashy horse with odd markings. It is the horse whose natural grace and fine appearance will strike the experienced horseman the instant he sees him. Such a horse has a great advantage, as nearly every judge on the jury unconsciously says to himself, "here is something special." Human nature being what it is, the Follies girl is apt to get a better dinner than her possibly more competent sister in the accounting office.

Now, what type of horse will fit this exacting bill of particulars?

Experience has proven that the good type Thoroughbred or nearly Thoroughbred is the ideal foundation stock. He's got to be a good middle-weight type, a free, straight mover and a clever horse on his feet. We do not need the speed of the race horse, but it is good to have a bit in reserve to make up for lost time due to bad terrain or hard luck. A dash of cold blood is no detriment so long as all characteristics are predominately Thoroughbred. Barring bad luck, our good ones will hit their peak for this type of competition between their seventh and twelfth year. The rare exceptions may hang on a year or so more.

The hunting man will agree, I am sure, that we have been describing the type of horse on which all of us would be proud to see our M.F.H. lead the field on a rough day's hunting. Belmont Park

A child old enough to make his own selections in 1905 will tell you that Beldame was one of the greatest of female Thoroughbreds. She won the Carter in 'aught-four, and the Suburban in 'aught-five.

A race is named for this lady horse, and the information I have at hand shows that the inaugural was held in 1905. If this is true, the horse parks of that era were quicker to honor their great mares than we are today. Gallorette was ten before her name was attached to a Pimlico feature and Washington Park waited 58 years to perpetuate Modesty's memory in a race.

If you could get together eight or ten Beldame winners, you'd have a right fair band of broodmares.

Like a lot of other things in the last 50 years, the Beldame has developed. It started out at five furlongs, grew to 1 1/6 miles in 1939, and stepped up to a mile and one-eighth in 1940. The 1905 winner, Flip Flap, collected \$1,570 for her owner; Pucker Up, which won last year, earned \$51,200, the biggest pot.

The race was worth \$44,595 this season.

There were 17 fillies and mares in the race (on October 4) and when that many females are out for the same thing there's likely to be a scramble.

Mr. Jimmy Kilroe, Belmont Park's figure man, did his best to make it come out even, and he nearly managed it for a few of them.

If the finish line had been a two-foot-wide plank, Mr. Kilroe would have had a four-horse dead-heat.

And he had eight fillies and mares within two lengths at the end.

When the first echelon passed the mirror, only Freddie Caposella, the placing judges, the camera and Providence were in a position to identify the winner, and all of 'em weren't sure.

The photo showed that Mrs. Gerard S. Smith's Outer Space had won over Calumet's A Glitter by a nose, with King Ranch's Dotted Line a head back in third place and George D. Widener's Rare Treat, fourth, a neck off the show horse. It was a length back to Idun, the favorite, and Tempted, Pardala and Gay Life were

right beside her.

The mile-and-one-eighth race began in the backstretch chute. When the gates opened, A Glitter, from No. 17 post position, was first away. Right with her though, were Endine, Gay Life, Idun and Tempted, and the last named was in front all by herself before the race was many seconds old.

After a quarter of a mile, Tempted was on top by 1 1/2 lengths. Idun and A Glitter were bunched up, with Spar Maid and Rosewood not far back.

Tempted continued to set the pace for more than six furlongs, but Idun, under top weight of 124 pounds, yielded second place to A Glitter.

Bending around the turn A Glitter switched her tail, which may, or may not, be a sign of displeasure, but she displaced Tempted and was a head in front of Outer Space at the eighth pole. A Glitter seemed to have won at the sixteenth pole when Jockey I. Valenzuela applied the whip. The filly flinched and Outer Space was in front and the race was over.

Dotted Line came out of the clouds to get third place.

Outer Space is four-year-old filly, by Saggy-Supersonic, by Devil Diver.

Willie Harmatz rode a perfect race to get her home.

Bred by Mrs. Smith, Outer Space was registering her sixth 1958 victory.

Stakes won were the Bed o' Roses, Liberty Belle and Vagrancy Handicaps, before the Beldame.

J. W. Maloney trains Outer Space and also Alanesian, which was coupled with the winner. Those who plunged \$2 on the pair collected \$21.90.

Besides her wins, Outer Space has placed second twice and third once in 1958. The \$44,595 from the Beldame gives her a season's total of \$116,120. She brought in \$48,525 with wins in half of her 12 starts last year.

Cowdin Stakes

Anyone seriously trying to sort out the two-year-olds isn't being helped one bit by the little rascals themselves.

For instance, the seven-furlong Cowdin Stakes, September 29, seemed to present a capital opportunity for the owner of \$2 to make himself a buck-sixty.

Restless Wind virtually had the race at his mercy according to well-informed sources.

These sources did not know that Restless Wind was destined to stumble at the start, would be hustled into serious contention and tire after showing early speed, and finish last.

Charfran Stable's Crafty Skipper, with only a win in a maiden race and a second in an allowance affair to recommend him, did not stumble at the start - or any time. This young fellow was away fast - almost left his rider, Bob Ussery, as a matter of fact - raced into a big lead and never was headed. As far as six lengths in front at one time, he won by four.

Atoll finished second, 6 1/2 lengths before Demobilize, which was 1 1/2 in front of Top Double.

In his first stakes victory, Crafty Skipper drew down \$22,000 to boost his total to \$25,440. So he has 2 wins and a second in 3 tries.

Bred by Charles Cohen, owner of Charfran Stable, Crafty Skipper is trained by

Lawrence Realization

The glorious thing about racing is that if an owner, or a horse, sticks around long enough, a race that suits will come up.

A mile and five-eighths on a sloppy track was the proper prescription for George Lewis's Martins Rullah - so he won the Lawrence Realization on October 1.

The three-year-old son of *Nasrullah-Shy Katie, by Roman, had won on a sloppy course, about two weeks earlier and had scored at Gulfstream and Jamaica in the spring when the footing was juicy.

Second choice in the race at a bit under 3 to 1, Martins Rullah followed the pace set by Warhead for 12 furlongs, then forged ahead and won by 1 1/4 lengths. Warhead, in second place, finished 6 lengths before Plon. Whodunit was another length and a half back in fourth place.

The other three members of the seven-horse field - Victory Morn, Piano Jim and Gray Flyer - weren't in the hunt after the first half mile.

Martins Rullah was making his 27th start of 1958 and racking up his fifth win. He was second once and third 4 times.

With the \$17,900 from the Realiza-

tion he has a 1958 total \$60,887. He won \$9,935 last season.

Shoemaker, who has been riding all the winners these days, was aboard Martins Rullah for this one.

Eugene Jacobs trains Martins Rullah. Mrs. John D. Hertz bred him.

Atlantic City

Thinking horse-players have a rule which bars wagering on winners of races for horses foaled in a specific political subdivision when they are entered in "open" events. So Saturday, October 4, was a bad day for thinking horse-players at Atlantic City.

By the same token (or is it the opposite one?), sentimentalists born in New Jersey and loyal to the State's products had a day to remember. As the winner of the Appreciation Handicap (first running) paid \$75.60, there couldn't have been many loyal sentimentalists.

Natagar, a New Jersey-bred four-year-old, took the Ocean City Handicap on September 24. That was a turf race, and the "good" footing prevalent on October 4, must have been just as comfortable as the grass. John Choquette held him a few lengths behind the pace for the first half mile of the 1 1/16-mile affair, and then asked the colt to start running.

He caught the leader, public choice and high-weight (all one horse, Backbone) at the eighth pole, and got to the wire a neck ahead.

THE CHRONICLE

Greek Star was third and *Combus-tion II, fourth.

Natagar (Your Host-Ragatan, by Questionnaire) has raced 21 times in 1958, and has been risked in cheap claimers, but won't be soon again. He has won 5 races, been second in 6 and third in 2.

His earnings with the \$16,250 from the Appreciation, amount to \$37,976.

He won 2 races and \$10,445 last year.

Mrs. F. F. Emert owns Natagar. H. Paley trains him. N. Agar bred the bay colt.

Suffolk Downs

The Suffolk Downs Turf Handicap, October 4, was won by P. A. Tamburo's *Ros-Nuala. He won the same race last season, but you wouldn't find this out by looking at the record book, because the mile-and-a-half race was known as the New England Turf Handicap in 1957.

*Ros-Nuala, an Irish-bred son of Persian Gulf-Lady's View, by Panorama, won by 4 1/2 lengths over *Langton Breeze, the favorite. Deadeye Dick was third.

The winner, a six-year-old gelding, earned \$18,655, to put his 1958 money accumulation at \$28,835. It was his second 1958 win in 23 starts. He has been second 3 times and third twice.

Last season he won 4 races and \$27,247.

Owen Headley was up for the Turf Handicap.

Owner Tamburo does his own training.

Short Takes of Late Stakes

King Ranch's Well Away won the Yo Tambien Handicap at Hawthorne on October 1. The three-year-old filly earned \$13,175 and paid off \$2 tickets at \$10.80.

W. J. Hirsch trains Well Away.

Indian Maid scored in the \$25,000 Hawthorne Juvenile Handicap, on October 4.

Bagdad took Bay Meadows' San Mateo Handicap, September 27.

The Ohio Championship Handicap, at Beulah Park on September 27, was won by Clark.

SPECIAL NOTE: Radar operators in the Towson (Md.) area have reported picking up flights of southbound Canada geese on their instruments; and this means just one thing - the channel bass are bumping along the Outer Banks of North Carolina. And THAT means just one thing - Burroughs is going down there to have at them.

Next week and the week after, this department will be handled by Mr. Joe Kelly, Turf editor of the Washington Star. You will remember Mr. Kelly as the accomplished performer who took care of the same task last spring, while the channel bass were coming UP the coast.

Phar Lap Must Rank As All-Time Great

Whenever horsemen get together and begin discussing great Thoroughbreds it's a safe bet that sooner or later the conversation will get around to Phar Lap, the illfated Australian gelding who invaded North America in 1932 and raced here but once.

From all reports, that one race, The Agua Caliente Handicap, was enough to convince astute horsemen that Phar Lap must be included in any list of all-time greats. He is one of the horses under consideration in the forthcoming Saratoga Hall of Fame poll.

Not since Man o'War had dominated the racing scene had one horse been so publicized. Phar Lap had defeated everything in Australia and had nowhere to go until his owners decided to bring him to North America. He arrived at San Francisco on January 15, 1932 and was sent to a nearby farm for a 10-day rest and then sent to Agua Caliente to train for the mile-and-a-quarter Handicap on March 20.

Evidently, Harry Telford and David Davis, Phar Lap's owners, thought so little of the opposition that they sent the horse

THE CHRONICLE

over in the care of Tommy Woodcock, a groom. They also brought over Bill Elliott, the stable's second-string jockey, to ride.

About ten days before the race, Phar Lap sustained a quarter-crack and it was cut away and heavy bar plates put on his fore-feet. On the day of the race, these were removed and he was shod with steel plates.

The Agua Caliente Handicap was programmed as the 13th event and horsemen were astounded when Phar Lap appeared in the paddock just after the tenth race and walked around. About 20 minutes before the horses were scheduled for mounting, a heavy Australian saddle was placed on the horse and Elliott was put up. Phar Lap was top-weight at 129 pounds and Elliott, weighing but 102, had to make up the difference with lead. Instead of carrying the dead weight in the saddle, Elliott carried them inside his silk jacket.

Before the horses were paraded to the post, Woodcock was overheard giving Elliott his riding instructions.

"When you leave the gate, canter down the stretch", he said, "and when you get on the backstretch, gallop on home".

Elliott carried out the instructions to the letter. As they left the gate, Elliott took a tight hold and as the horses passed the stands for the first time, Phar Lap was last. Going into the backstretch, Phar Lap moved up to sixth place in the field of 11, and then Elliott turned him loose. By the time the field reached the far turn he was three lengths in the lead and Elliott took hold of him again, thinking he had smothered the opposition. However, Reveille Boy ranged up and as the horses straightened out in the stretch, Phar Lap's lead had been cut to a neck. At the eighth-pole, Elliott turned the big gelding loose and Phar Lap quickly moved to a two-length lead, maintaining it to the finish. The time of 2:02 4/5 was a new track record.

Two weeks later, on April 5th, the turf world was shocked when Phar Lap suddenly died at Ed Perry's Ranch, near Palo Alto, California, where he was resting for an Eastern campaign. There were reports that he had been poisoned but after a careful examination, the Hooper Foundation of the University of California announced that colic was the cause of death.

The post-mortem showed that Phar Lap's heart weighed 14 pounds, the heaviest of any Thoroughbred, the average being nine. It is now on exhibition at the Institute of Anatomy in Canberra, Australia.

The body was shipped to New York and the taxidermy firm of Jonas Brothers of Yonkers was commissioned to stuff the animal. After four-and-a-half months the job was completed and on September 17, it was brought to Belmont Park and displayed. It was then shipped to Australia

Calumet's Iron Liege, 1957 Kentucky Derby Winner

H. A. "JIMMY" JONES, trainer at Calumet Farm, says:

"Iron Liege, like all Calumet horses, gets Absorbine care..."

"I have been using Absorbine since 1920," says Mr. Jones. "It is particularly good for its tightening and cooling qualities, and is an excellent body bracer and astringent. I use it consistently on all of the Calumet Farm horses, and I don't know of any other liniment that will do so many things for a horse so well."

Since 1892, Absorbine has been a byword in stables where the conditioning and care of horses is a first consideration. It does not blister the skin or remove hair. A large bottle with complete instructions, costs only \$2.50 at any druggist.

Rolling Rock Hunt Race Meet

First Day

Chris Wood, Jr.

Operating for the benefit of the Industrial Home for Crippled Children in Pittsburgh, the initial session of the two-day meeting sponsored by the Rolling Rock Hunt Racing Association was held at Ligonier, Pa., on Wednesday, October 1. Early-week rains preceded the session and the rolling course was about as "deep" as it could get. Although the rains of Wednesday morning passed away, dark clouds hovered overhead and a chilling wind sweeping through the valley held the attendance to under 4,000. The hardy souls who take the elements in their stride enjoyed a good day of sport.

Eastcor, A Winner

Unable to enter the winners' circle in 9 previous starts this year, George T. Weymouth's home-bred, Eastcor, made his 10th start a winning one with the aid of Harry (Popeye) Hatcher. Meeting 5 contenders in the featured Rolling Rock Hunt Cup, the 6-year-old gelding trained by the owner's son, Eugene, made every one of the 13 brush jumps a winning one. Taking the lead at the start of the 2-mile test, Eastcor had Calvin Houghland's Local Run as his nemesis for 5 brush jumps. When the latter failed to reach the eventual winner, Randolph D. Rouse's Repeat Mandate challenged over the 6th obstacle, only to see Hatcher and his mount move away. Coming from 5th in the field, Curly Joe, another color-bearer owned by Mr. Rouse, closed in on Eastcor as the 9th brush jump loomed, over the 13th and final fence, A. P. (Paddy) Smithwick moved his mount to within a length of Eastcor, only to find the leader move away on landing to register by 1 1/2 lengths. Curly Joe withstood a belated run from Local Run and Custer Cassidy to gain place honors with a 3/4's of a length advantage.

Unable to threaten the mentioned trio, Mrs. Cordelia Scaife May's Billing Bear, Repeat Mandate and Mrs. William Cox Wright's Marius completed the order of finish as named. Running over a very deep course, the winner negotiated the 13 brush jumps and the "about" 2 miles to pick up a gross sum of \$1,610 from the \$2,500 purse.

A. M. Byers Cup

A field of 5 came out for the A. M. Byers Cup, a 2 1/2 mile run over 15 timber fences. Sporting the royal blue and silver silks of Pittsburgh's Alfred M. Hunt, Salt practically emulated the mentioned feat of Eastcor. Handled by Larry Christison, Salt sailed the initial obstacle as a team with George T. Weymouth's Robinhurst and Crompton Smith, Jr. This situation prevailed for 4 fences and Salt eventually showed daylight after landing

over the 5th obstacle. Drawing away, Salt kept 3 to 4 lengths in front of Robinhurst for the balance of the journey to move under the wire with a 4 lengths advantage. Best of the balance, Robinhurst held the place award safe, 12 lengths to the good of George L. Ohrstrom's *Irish Well. Frank A. Bonsal's Sagahash, making his 1st start of the year, finished 4th with Frank, Jr., in the saddle. Running last throughout, Dana, with owner Thomas F. Long up, came in 5th, about 8 lengths in the wake of Sagahash. Breaking his maiden over timber, Salt was timed in 5:49.

Victory For *Easy Timer

The Rector, a 1 3/4 miles hurdle race for claimers of the \$4,000-\$3,500 variet opened the program and a field of 7 ventured forth on the soft turf. Play Hour, currently running for William D. Thomas, departed Harold (Brud) Plumb's tape like he was only running 3 furlongs - and that was just as far as he did run. With Randolph D. Rouse's *Easy Timer in his wake, Play Hour under William Reed, Jr., led for 3 of the 10 hurdles and then stopped as rapidly as he started. Content to let *Easy Timer run on his own for a while, young Smith watched Mrs. M. G. Walsh's Secant and Major General Richard K. Mellon's Jackdaw set the pace over the 6th and 7th hurdles. As Jackdaw tired, *Easy Timer replaced him in the 2nd spot to be a 1/2 length off Secant over the 9th. Calling upon his Irish-bred mount in the uphill run to the 10th and final obstacle, the young rider guided *Easy Timer over with the fast-closing Crag and Paddy Smithwick a 1/2 - length off. Plying the leather in the stretch, Smith moved his mount on to win by a length. Crag held the place safe, 2 1/2 lengths to the good of the rapidly-closing Flaw, owned and trained by Morris H. Dixon. No mishaps marred the running, but Mrs. George L. Ohrstrom's *Prince Glorieux was pulled up in the final stages, far from contention. A winner of his last start over hurdles in 1957, *Easy Timer made his 2nd start of this year a winning one in 4:12 3/5 in the deep going.

Malcolm McGiffin Cup

The Malcolm McGiffin Cup, a 1 3/4 miles test for maiden hurdlers, brought out a field of 8 and at the conclusion a pair of 3-year-olds making their first start over obstacles held the spotlight. A leading 2-year-old on the flat in France, and currently a 5-year-old, the Whitewood Stud's *Sea Lord made all of the early running with Mrs. R. Howard Lomas' home-bred, Hunter's Lad, and Mrs. C. Snowden Richards' Bleu Indigo in close attendance as named. Upon landing over

the 6th hurdle, Hunter's Lad responded to Custer Cassidy and Bleu Indigo answered William Mason to pass the French import. Lightly rigged at 131 pounds, Hunter's Lad drew away to lead over the 8th and final hurdle by 1 1/2 lengths. This advantage was increased in the run to the finish and Hunter's Lad crossed over the line 3 lengths in front of *Sea Lord.

A single casualty was registered over the 6th hurdle, where William C. Robinson, Jr.'s *Valentine Slipper fell with James Murphy. The popular rider suffered a skinned nose and was shaken up enough to follow the doctor's advice and cancel his mounts for the balance of the day.

A 3-year-old, bred by his owner at Glyndon, Md., Hunter's Lad, who was timed in 3:36 2/5 for the trip, is a half-brother to Gallant Tonto, a winner of 3 consecutive hurdle races at Monmouth Park and Saratoga in 1957. Both home-breds are trained by William D. Thomas who saddled Mrs. C. Paul Denckla's Ned's Flying to win the Maryland Hunt Cup for the 2nd time this year.

Piesporter Wins

Making his 2nd start at a hunt race meeting, Michael Wettach's Piesporter easily bested 9 competitors to win the Ligonier Purse, a 1 mile turf test which closed the first day of sport. Running 2nd to Mrs. William Cox Wright's Ben Arthur for 3/4's of a mile, the eventual winner went to the front as Ben Arthur tired and then went on to win by 1 1/2 lengths under Kenneth Field's guidance. In close attendance throughout, James F. McHugh's Sausage finished 2nd, about 3 lengths to the good of Major General Richard K. Mellon's Breezewood. A 6-year-old gray gelding by Phalanx, Piesporter covered the "about" one mile turf course in 1:40 1/5.

Rolling Rock Hunt Race Meet

Second Day

Chris Wood, Jr.

With excellent weather prevailing in the area, following Wednesday's session, the 2nd and final day of the Rolling Rock Hunt Racing Association's meeting on Saturday, October 4, bloomed sunny and warm with good turf underfoot for the racing. A crowd of nearly 18,000 overflowed the stands and lined both side rails along the course. Herbert A. May, chairman of the race committee, was

highly pleased with what he thought was a record-breaking attendance and he had high hopes that the monetary contribution to the Industrial Home for Crippled Children would reach a new high.

The delightful weather and turnout put everyone in high spirits and the joy of Randolph D. Rouse overflowed as he watched his Curly Joe score an easy decision in the 22nd running of the Inter-

THE CHRONICLE

national Gold Cup, hunt racing's most lucrative prize. Contested over 2 1/2 miles and 16 brush fences, the handicap carries a \$5,000 added purse, which this year grossed \$5,930.

The International

In Wednesday's brush feature at 2 miles, Curly Joe carried 151 pounds and suffered defeat from George T. Weymouth's Eastcor, under 143 pounds. In the International, handicapper John E. Cooper allotted 148 to Curly Joe and 145 to Eastcor, while Sidney Watters, Jr.'s Carthage was the top weight of the starters with 153 pounds.

Hoping to emulate his front running victory of a few days previous, Harry Hatcher again sent Eastcor to the front at the break with Curly Joe in his wake and Carthage running 3rd. This order prevailed until the 15th jump at the bottom of an uphill drive was reached. It was here that Joseph Aitcheson, Jr., called upon his mount and moved Curly Joe to the fore. Drawing away in the uphill run they negotiated the 16th and final jump 1 1/2 lengths in front of Eastcor. Asking his mount for a bit more in the stretch, Aitcheson and Curly Joe drew away to score by 2 1/2 lengths over Eastcor to amend Wednesday's defeat. Unable to threaten the mentioned pair, Mrs. Cordelia Scaife May's Billing Bear, winner of the 1957 renewal, finished 3rd. Calvin Houghland's Local Run came from last in the final stages to gain 4th money.

Running over firm turf, Curly Joe registered his 4th victory of the year in 5:32 1/5. Following the presentation of the beautiful gold cup by Mrs. Richard K. Mellon, the owner from Fairfax, Va., said he was glad he invested \$75 in Curly Joe on Wednesday. The mentioned sum was not a wager, it merely covered the nomination fee for Curly Joe to be eligible for the \$50,000 added Temple Gwathmey. The world's richest steeplechase will highlight the final day of the United Hunts Racing Association's 2-day meeting at Belmont Park on Wednesday, October 22.

An 8-year-old gelding by Joe's Choice-Permanent, Curly Joe was obtained by his current owner from the Troiano-Walsh dispersal at Saratoga Springs a few years ago for approximately \$3,800. The gelding has won himself out many times since then under the training of D. M. (Mike) Smithwick and further enhanced his earnings with the net sum of \$3,755 earned for his International Gold Cup efforts. Should he manage to turn back the great Neji (also trained by Smithwick) in the Temple Gwathmey, Curly Joe will be one of the great bargains of recent times.

Deveau Rides Three Winners

The riding star of the excellent day of sport turned out to be Edwin Deveau, who rode in 3 races on the 5 race program and was returned the winner in

MARYLAND

BRYSON SALES

Forty-seven horses owned by the late G. Ray Bryson, of Elray Farm, Kingsville, Md., will be sold by the Fasig-Tipton Co., at auction. There will be a sale of 16 race horses at Belmont Park on the morning of October 6th while the balance, consisting of breeding stock, will be sold at the farm on October 31st. This is the same day as the Maryland Fall Sales at Timonium.

VIRGINIA

BAXTER'S RIBOTS

C. McGhee Baxter, of Barracks Farm, Charlottesville, Va., is fortunate in having a filly foal by the great Italian sire Ribot out of Golden Marie (by Goyama). He also has a nomination to Ribot for 1959.

VIRGINIA WINNERS

The Virginia Thoroughbred Association reports the following Virginians who owned or bred recent winners: C. T. Chenery (Rich Tradition, Algoa, First Landing); North Hill Farm (Any Morn); Montpelier (Fall Wind, Helvellyn, Songal, Whiskey Glass); G. A. Garrett (Negro Minstrel); Mrs. G. L. Harrison (Cobber, Die Hard, Hours Later); Brookmeade Stable (Capeador, Nuvo, Gale Stalker, Sword Dancer); North Cliff Farm (Big Print); W. H. Perry (Snow Fight); J. E. Hughes (Headquarters, Equipat); Blenheim Farm (Recite, Greek Chief, Gay Reaper, Levelix); R. D. Rouse (Dora's Fiddle, Be Going); Mrs. F. Ingalls (Dora's Fiddle); P. Mellon (Golden East); Audley Farm (Rush Prince); Mrs. Leigh G. Bishop (Pat Speed, Nothing Blue); Mrs. H. S. Clark (Pat Speed); Mrs. L. T. Gilpin (Foolish Fellow); Bull Run (Crack O'Dawn); High Hope (Hasty Flight, True Bruce); Mrs. J. T. Malony (Soft Day); C. MacLeod, Jr. (Elgol); Claiborne-Nydrie (Hand Rail, Hustle); T. E. Ohrstrom (Yniol); C. B. Carter (Batavia Best); Newstead (Hasty Doll, Rich Tradition).

NEW JERSEY

N. J. THOROUGHBREDS

Philip Alampi, Secretary of Agriculture for the State of New Jersey, in illustrating the tremendous growth of the Thoroughbred breeding industry in that state in recent years, points out that there are now within its borders over 150 Thoroughbred farms, approximately 60 stallions and over 700 broodmares. About 1,000 New Jersey-breds are currently campaigning at various tracks throughout the world.

RIGHT COMBINATION

A new twist to the old saw "If at first you don't succeed..." etc., has been proved by Mr. and Mrs. C. Earle Miller of Rock Raymond Farm, near Downingtown, Pa., and it runs something like this, "If at first you do succeed, try again."

At the Fasig-Tipton Garden State Yearling Sale, September 1957 they topped the sale with a filly by Johns Joy and out of Mushroom. This year they entered a dark bay colt with the same breeding in the 1958 Garden State Sale and did it again, to the tune of \$8,400. The colt was sold to H. Steward Mitchell, agent, of Laurel, Md. Other consignors whose yearlings brought \$7,000 or more were: Harold Snowden with a bay colt by Hill Prince out of Reighs Request; J. Powell Thayer with a chestnut colt by Knockdown, out of Sampler; and Dr. F. A. Howard with a bay colt by Carrier Pigeon out of Undercurrent. G. G.

THE CHRONICLE KENTUCKY

PORTERHOUSE TO STALLION STATION

The 7-year-old stallion Porterhouse (*Endeavour II-Red Stamp by Bimelech), bred and owned by Mrs. M. E. Lunn's Llangollen Farm, Upperville, Va., will make the 1959 stallion season at Lou Doherty's Stallion Station, Lexington, Ky. He was given top weight in the 1953 Experimental Free Handicap with *Turn-to, which he defeated in the Saratoga Special, but was disqualified. As a 4-year-old he not only beat Swaps but set a world's record for 5 1/2 furlongs in 1.02 2/5.

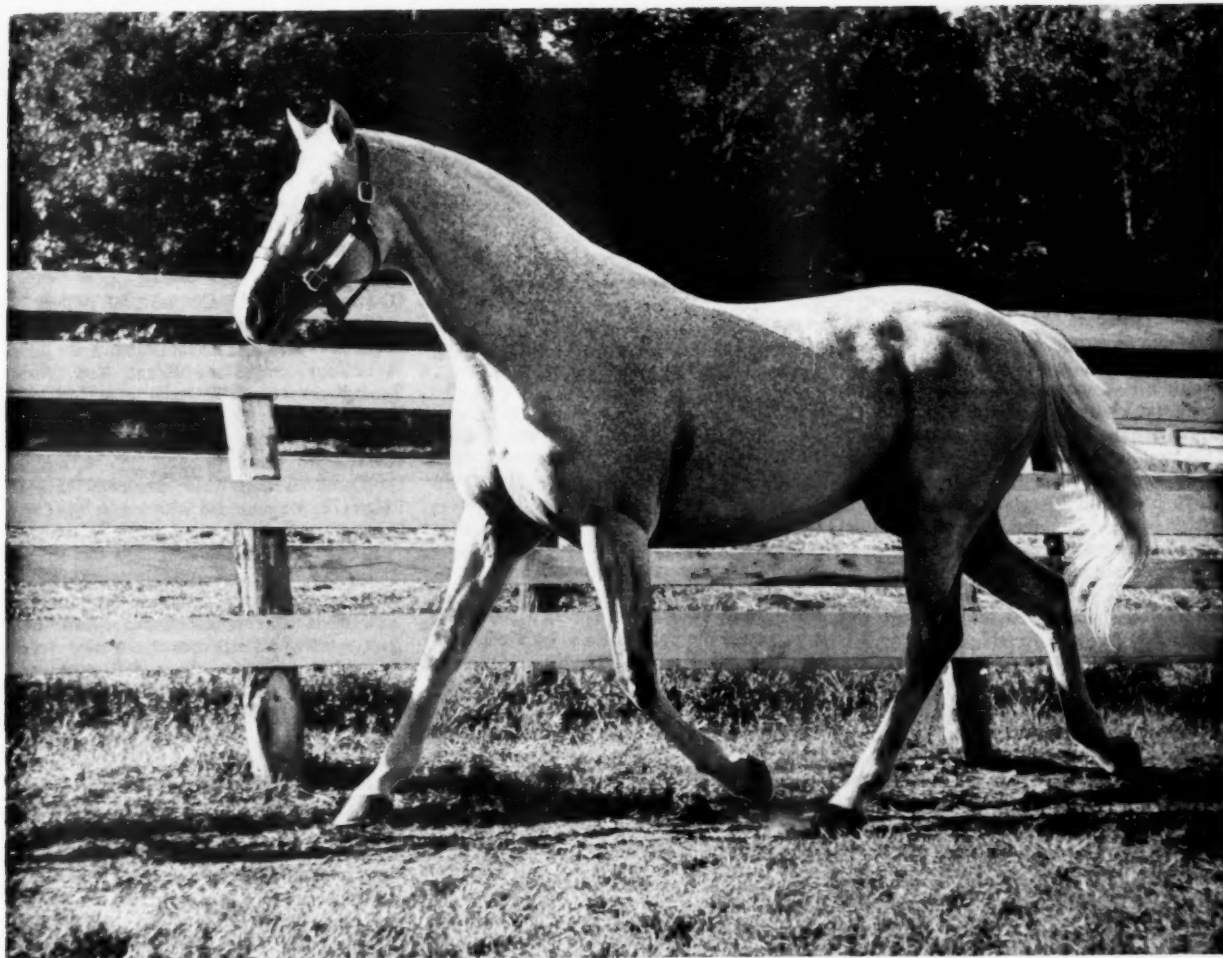

FROM ABROAD

BALLYMOSS SYNDICATE

Vincent O'Brien, of Cashel, Ireland, trainer of Ballymoss for John McShain, of Philadelphia, has announced that the horse has been syndicated for \$700,000 (40 shares of \$17,500 each) and will stand in England at the National Stud. Ten shares will be retained by Mr. McShain and details regarding applications for the remaining shares will be announced later. Ballymoss won the St. Leger last season and the Coronation Cup, the Eclipse Stakes and the King George and Queen Elizabeth Stakes this season.

*TOMY LEE'S DAM

One of the features of the Newmarket December Sales will undoubtedly be Auld Alliance, dam of the brilliant 2-year-old *Tomy Lee, which has been such a sensation in California this past season. She is being consigned by Major David Wills, who is selling all of his breeding stock except Happy Laughter, leading 3-year-old filly in England in 1954. Incidentally, the latter's dam, Bray Melody, now in foal to Hasty Road, is being sold in the Crown Crest consignment at the Keeneland Fall Sales.

KRUSHCHEV ENTRY

Aside from the splendid contribution to racing he has made by establishing a real international race (as contrasted with one which is essentially local but attracts international competition), Mr. John D. Schapiro has managed another coup in connection with his Washington D. C. International. He's done it on a number of occasions before as in the case of the 1954 one wherein were seen the colors of Queen Elizabeth II outside the British Isles for the first time. Her Landau carried them, not very successfully to be sure, but the Queen's colors did show at Laurel. Landau ran last. He was the one, you will recall, on which they tried psychoanalysis to unspook him.

This time what Mr. Schapiro has done is get an acceptance from the Russian Ministry of Agriculture via the Russian embassy in Washington for two as-yet-unnamed horses to run in the 1958 International. The Russians will let the people at Laurel know just which of their horses will grace the scene by and bye.

About the only thing I can think of which would pack the customers into Laurel on November 11, 1958 more than having 2 Russian horses running would be to have them arrive by flying saucer and have them ridden by Nikita Khrushchev and Chairman Mao.

R. J. Clark

QUARTER HORSE STATISTICS

The secretary of the American Quarter Horse Association reports that by mid-July 1958 the Association had registered 130,856 horses since its founding in 1940. The Association's staff now numbers 60 in the home office plus 7 travelling inspectors for registration. Three hundred and fifty-four approved shows were held in 1957 and over 500 shows are expected to be held in 1958. Quarter Horse racing was conducted in 37 meetings on recognized tracks in 1957 with 1,671 races. Purses averaged \$933.

SPECIAL CONSIDERATION

Columnist Charlie Hatton quotes "Sunny Jim" Fitzsimmons as follows: "There are only two elements (in racing) that warrant special consideration. They are the public and the sportsmen and women who pour money into racing. They have no chance of making any money from it. The jocks and trainers indeed! There will always be jockeys and trainers and others who make money from those putting it into the game."

TWO FOR *ORESTES III

The offspring of *Orestes III, which stands at the Kentmere Farm, Boyce, Va., accounted for the feature races on consecutive days at Atlantic City. Miss Orestes won an allowance race and Half Acre won The Empress Purse.

OIL WELLS TOO

There is an old saying which goes something like, "Them as has gits."

Hollywood Park is a good current example of how that works out in actualities. As you know, that splendid California track packs in the customers like nobody ever heard of before. Their average attendance for each and every day of the 55-day 1957 meeting was 31,006 with an average mutuel handle to go along with it of a fabulous \$2,310,903. From the wagering money of those huge crowds, Hollywood Park was able to put up \$3,695,000 for the horsemen to shoot for. That was 1957. The results, although I don't have them at hand, were just about in the same this year.

So it is apparent that Hollywood Park has the qualifications for the first part of the quotation, "them as got . . .".

As to the second part, the Inglewood track, already blessed with those tremendous crowds, blue skies day after day for the whole meeting, and no competition nearer than Phoenix, has three oil wells on the property. Mr. Stewart, vice president and general manager, says they don't produce much revenue. But what is "much revenue" to a track which averages \$2,310,903 thru the mutuels every day? That's where the ". . . gits" comes from."

THE CHRONICLE

2,000 FOR HARTACK

When Bill Hartack brought James Arthur's Herald Wind home in front in the Berlin Rotary Club Purse at Atlantic City on September 17th, it marked his 2,000th winning ride since the first on October 14, 1952. Since that time he has had 8,313 mounts; has led the nation's riders in three successive seasons; and has become the 12th American jockey to ride 2,000 winners.

OPPOSE N.Y. OFF-COURSE BETTING

The Board of Directors of the Thoroughbred Racing Association and John W. Hanes, president of the New York Racing Association, have gone on record as opposed to the legalization of off-track betting as a means of raising revenue for the City of New York, a plan proposed earlier this week by Mayor Robert F. Wagner and adopted by the City Council.

TOM BARRY

Trainer Tom Barry, now in Ireland with Mrs. Barry, announced before departing that he will purchase new stock for his American patrons and ship them directly to Garden State Park. This has been Barry's practice in the past and he has had good fortune when one recalls such foreign importations as Cavan, Combustion, 2nd, Royal Beach, 2nd and Hindu Festival. The newcomers are expected to arrive early in October.

WATERFORD FAWN

The first four-footed arrival at Waterford Park, where the Fall racing season got underway Monday, September 8, was not even a Thoroughbred. Workers reported the birth of a fawn in the outdoor paddock, which was temporarily deserted by her mother. The youngster was taken care of by the crew until the doe returned from surrounding woods, whereupon mother and daughter were reunited. Many deer are in the Waterford Park area and often invade the premises in search of food.

HALF-SISTER TO *LIBERAL LADY

Victory in the Gimcrack Stakes, most important juvenile event to date in the English racing year, went to one of the only two fillies in the field, Mr. William Hill's home-bred Be Careful.

Billum, a stable companion of the winner, was made favorite but ran unplaced, while Be Careful at 10-1 beat Lord Rosebery's colt Captain Kidd by three lengths. In third place was another filly, Ink Spot, who like the winner is by *My Babu.

Out of the Fair Trial mare Fair Freedom, who has bred seven winners with her first seven foals, Be Careful is a half-sister to *Marshal Ney, now campaigning in Canada, and to last year's brilliant juvenile filly *Liberal Lady who after winning five races in England was sent to the United States.

HUNTING

2nd Groton Schooling Session

And the Complete Test of a Hunter

Honora Haynes

The scene at the Groton schooling field on August 20th and 21st, was one of last minute preparations and polishing for the Hunter Test. Most of the riders who had taken part in the five day session in June returned to have their progress checked by the chief instructor, Captain V. S. Littauer, and to discuss and practice with him the subjects each should work on next. It was obvious that the practice period had been put to good use, judging by the improvement in the horses and also in many of the riders. Because of this a number were moved up into a higher division for the competition. Added to the first group were nine new riders bringing the total number of entries for the competition to thirty-one.

Program Ride

The Complete Test of a Hunter which started on August 22nd with the Program Rides, included three divisions, Elementary, Intermediate and Advanced. A perfect score in the Program Ride was worth 200 points. The Elementary Program Ride had ten entries. It called for only ordinary speeds at each gait, circles, half circles, halts, half turn on the forehand and low jumps taken at the trot and canter. The transitions were made gradually and were widely spaced. The horses were expected to perform on loose reins and to demonstrate that they were calm, co-operative and obedient. The winner was Miss Edna Lantz, riding her own horse, Rebel Corners, a lovely moving, young, Thoroughbred off the race track. They scored 193 1/3 points out of a possible 200.

Thirteen horses were entered in the Intermediate Program Ride, performed on soft contact (a mild form of on the bit). The horses were expected to know all the standard aids and of course perform calmly and obediently. The movements called for were the ordinary and extended walk, the slow, ordinary and fast trot with lengthened strides, three speeds at the gallop, and change of lead on a straight line with an interruption. Halts, backing and turn on the forehand, were also asked as well as jumping from the trot and canter. The Intermediate Program Ride, was won by Star Sapphire, owned by Mrs. Robert E. Carter 3rd, Groton's M.F.H. and ably ridden by Mr. Carter. This combination scored 180 points.

The Advanced Program Ride drew eight entries. It was ridden on the bit. It called for all of the movements included in the Intermediate Ride, plus serpentine at the canter maintaining the lead, turn on the quarters, short turn at the gallop and flying change of leads. The top rides were lovely, horses moving really well, transitions soft and accurate. The winner was Mrs. Kenneth Read, on Torcha, with 182 1/2 points. Second was

ard bridle was permitted. Martingales and dropped nose bands were not allowed in this or in any other phase of the competition.

Hunter Trial Course

The Cross Country Phase was held over the Groton Hunter Trial Course, appropriately modified for each division. 450 points could be earned in this phase, points being equally divided between form and style of jumping and manners and pace. Penalties were heavy for knockdowns and disobediences. Penalties were also assessed for bad riding (disturbing the horse between or over the fences).

Eight horses appeared for the Elementary Cross Country. The course was approximately a half a mile in length, starting up hill over birch rails, then making a large half circle jumping hay bales and a board fence. Next the horse galloped down hill to the cross rails and another set of birch rails, made a wide turn to the right and had a long approach to the pen, where the horses jumped in and went

Mrs. Raymond Norton Jr., riding her lovely gray, Aetna, with a score of 172 1/2.

Judges' Comments

Following each individual ride the judges, Miss Harriet Rogers, from Sweet Briar College Va., and Captain V. S. Littauer, scored the ride and gave their reasons for any points they had deducted. They also commented on the performance in general and suggested ways of improving the movements that had caused difficulty. Their comments were not only of great interest to the individual rider, but also to the entire group, which watched each ride carefully, asked questions and discussed the ride with the judges.

All of the Program Rides were held in a large ring. The majority of the horses performed in snaffles although any stand-

out through a gap. At this point they were required to "hold hard" and stand on loose reins before resuming the gallop to the last fence, the Aiken. No jump exceeded more than 3 ft. in height or 6 ft. in spread. The horses were expected to cover the entire course at a steady, even speed of about 12 m.p.h. Miss Jean Helburn, won first with her own horse Tara, (433 points) and second with Mrs. R. E. Danielson's, Valiant (419 points).

The Intermediate Cross Country was approximately a mile and a half and included seventeen fences not over 3' 6" or more than 6' of spread and two "Hold Hards". The pace called for was about 15 m.p.h. The more difficult sections of the course were the obstacles through the barn yard. Jump #6 was a post and rail

Continued from Page 13

immediately followed by a sharp turn to the left and then to the right in order to make a straight approach at #7, the coop, followed in one stride by a post and rail drop jump. Obstacle #12, the ditch, was immediately followed by a simulated barb wire fence requiring an abrupt right angle turn. Jump #13 was a pile of apple boxes in the orchard which surprised many of the horses but there were no refusals. Number 14, the pen, was jumped as an In and Out in this division. The Out required considerable control being a very narrow red gate, set in the corner of the pen. Competition in this division was very keen with Star Sapphire winning again with a score of 422. Mrs. Richard Duckett had a lovely round on Save Me, which scored 412. Mr. Nathaniel T. Clark, M. F. H., Norfolk Hunt, riding Midnite Raid, and Miss Linda Wolfrum, riding Winfield, tied for third with 404 points.

Advanced Course

The Advanced Cross Country, approximately two miles in length, included twenty two obstacles, a lead over and a "Hold Hard". The pace was about 18 m.p.h. The course included the fences in the Intermediate division raised, plus a number of new and more difficult jumps. The fences were not over four ft. and not more than nine ft. in width. The new obstacles included telegraph poles, after which the riders were faced with a simulated barb wire fence so they had to make a right angle turn and jump, in one stride, a green gate. The nine foot water jump caused little difficulty nor did the ditch-bank combination where the landing was three feet higher than the take off. The thirty six foot square pen was jumped as a pen and further complicated by a subsequent sharp turn in order to approach a birch fence, set into a gap into the woods in such a way as to give the appearance of jumping into a dark, narrow tunnel. The last obstacle was an interesting combination consisting of a

pile of tree trunks, two strides uphill, and a bank with a rail on the landing side which required considerable flight. Mr. C. A. Collins Jr., riding Dar-Es-Salaam, and Mrs. Read, on Torch, both scored 439 points. A close second was Mrs. Norton, on Aetna, with 434 points.

Immediately following each round the senior judge, Captain Littauer, commented on the performance and judged the condition of the horse. None of the cross country tests were intended as an endurance test. The horses were required to go at a good pace, but were permitted to rest at the Lead Over or the "Hold Hard" without penalty, as long as their riders felt was necessary. Horses that finished very hot, blown, or tired were penalized for the rider's lack of judgement and consideration for his horse's condition.

Working Hunter Class

The third phase was the Working Hunter Class, worth a possible 150 points. The courses were of the type commonly found in the show ring. The Elementary horses jumped a simple course of eight fences in the ring. The Intermediate horses jumped an outside course of eleven fences about three feet six inches. The Advanced Course had thirteen jumps ranging in height up to four feet two inches. The most interesting obstacles were an Irish Bank and Trakehner. Although these jumps are not to commonly met with in the show ring they caused no refusals.

Group Class With Hounds

The fourth phase was the Group Class with Hounds. This phase was worth 200 points. All of the horses met at the Groton kennels and hacked with hounds to the schooling field where they were asked to walk, trot, canter, and halt in a group. Next they proceeded to hack about a half a mile up the road to the meet. After giving the judges an opportunity to reach suitable vantage points, the hounds were laid on a short drag of about two miles. The Intermediate and Advanced horses

proceeded together as though in the hunting field. The Elementary Horses, behind a field master, "Hill Topped". The judges, each aided by a secretary and a number of assistants to spot the horses' numbers were looking for good manners. Heavy penalties were assessed against horses that were out of control, pulled, jugged, or were otherwise unpleasant. Each of the three judges had the opportunity of seeing the horses first at the schooling field, then hacking to the meet, and finally, actually in the hunting field. Only three horses scored the full 200 possible points. Flameout, owned and ridden sidesaddle by Miss Stella Reeves, New Hope, Penn., earned full points, as did Star Sapphire, who after winning the first three phases in the Intermediate Division with Mr. Carter, climaxed the three days of competition by scoring full points with Mrs. Carter, M.F.H., hunting the hounds. Tullamaine, owned and ridden by Miss Honora Haynes, also scored full points, being ridden as Field Master's horse in the "Hill Topping" group.

Puppy Show Correction

Daphne Moore, our very able correspondent on British hound shows, writes: "Could you very kindly make a correction with regard to the article on English Puppy Shows (Sept. 5th issue), as the compositor missed out a line, with the result that (in the report of the Duke of Beaufort's Puppy Show) Sir Peter Farquhar is referred to as Master of the Avon Vale. In fact, what I wrote was: - 'Sir Peter Farquhar, Joint-Master and huntsman of the Portman, and Captain Frank Spicer, until recently Master of the Avon Vale...'

"I shall probably get a rap on the knuckles unless it is corrected - so I would be most grateful!"

Hunter Breeding at Canadian National

Very high quality entries marked the Hunter Breeding Classes at the Canadian National Exhibition as one of the best years ever. Classes were well filled with eight to ten entries in practically each event for both Canadian Hunters and for Half-breds (other than Thoroughbred). Registered Canadian Hunters could show in the Half-bred classes or Thoroughbred classes but if entered as half-breds could not also show as Canadian Hunters except in the Canadian Hunter Futurity Stakes. As it turned out about all classes were of equal size.

One must point out that the Canadian Hunter is a recognized breed with its own Stud Book which is still "open", hence some registered Canadian Hunters may also be registered Thoroughbreds and not all Canadian bred "other than Thoroughbred" hunters are registered Canadian Hunters by any means.

The C.N.E. gave very generous prize money in the Hunter Breeding Classes with substantial contributions from the Canadian Hunter & Light Horse Improvement Society and the Canadian Hunter Society. In most cases prize money was extended to 8 places and some to nine.

The Canadian Hunter Futurity Stakes have proved a considerable incentive to the breeding and showing of top quality colts. The 1958 Futurity for colts, geldings or fillies foaled in 1955 and registered in the Canadian Hunter Stud Book was the highlight of the breeding classes; the J.M. McCallum Trophy was awarded to the winner. The entire stake fees and \$300 added made up the purse distributed among six placings and the nomination fees were awarded to the breeders of the first, second and third horses. The winner was Shamrock Lady, by Arnheim, bred and owned by Mrs. Barbara Ross Spencer of London, Ontario. Second place went to Fair Weather, owned by Fred McLean, Alymer East, Quebec, and third was Winston's Glory, owned by Irving Stone, Toronto.

Foxes and Quail

The following paragraphs by Robert R. Bowers appear in the magazine "West Virginia Conservation", published by the

15
Conservation Commission of West Virginia (Sept., page 15):

"Herbert Stoddard, probably the best known quail researcher in the country, was hired by a group of sportsmen in Georgia to give them better quail hunting at any cost, and he set out to do just that. Quite naturally, he ordered the total extermination of the quail's natural enemies - foxes, hawks, owls and other varmints. Result? Where there had been fair quail numbers, the birds completely disappeared.

"Doubt it? Don't! Stoddard found that rats and mice, instead of quail, had been making up the chief food item on the foxes and other predator's diet, and when the predators went, so went the quail, for the rats and mice soon overran the fields and woods as they multiplied unchecked. Everything in the nest was eaten.

"Back came the predators, and up went the quail populations."

Castle Park

The combination of beautiful weather and an enormous number of entries made for one of the best Castle Park horse shows ever held. This one day amateur show has been held for thirty six consecutive years at Carter P. Brown's resort in Michigan, and this was by far the biggest. Horsemanship honors for the day went to Tory Buchen. Tory also won the outside course class on her good going horse, Hi Fi.

The day after the show, Gordon Wright, who, with Mrs. Robert Schmid judged the show, held a clinic for young and old, beginners and advanced. Around a hundred people attended, and about thirty five mounted. Mr. Wright succeeded in gaining the undivided attention of all those people for very nearly four hours, a feat which I am sure a good many parents and teachers wish they could accomplish. It was a remarkable demonstration of Mr. Wrights teaching prowess, and those attending felt they had gained something far more valuable than ribbons or trophies.

Bethlehem

The Bethlehem Horse Show marked its 25th anniversary with a fitting ceremony. A surrey (complete with fringe and a twenty-year-old grey horse) was driven around the main show ring by Ray Strohecker; seated inside were the original show committee members, Dr. H. Brainard Risley, William Risley and Frederick Pratt. The present show chairman, Frederick Hasler, introduced former chairmen William B. Moore and Joseph R. Neill. Sherman P. Haight, Sr., an exhibitor at the first Bethlehem show, spoke of the growth of the show. Mr. Haight said that some member of the Haight family has shown in every Bethlehem show and that at this year's show Tracy Griswold represented the family on her pony Moorland Mousie. The former committeemen presented the show with a permanent trophy to be known as the Founder's Trophy.

Church Hill Farms Warrenty was the Working Hunter Champion, with Bruce Nichols' Sir Sortie reserve.

Joe Sciafani's Millertown and Mr. and Mrs. Frank Hawkins' Lad O'War tied for the jumper tri-color. Millertown won the jump-off, the tricolor, and gained sixteen points toward the Connecticut Horse Show Assn. yearly jumper award.

Channel City

The third annual Channel City Horse Show was held in the new Earl Warren Park in Santa Barbara on Sept. 19, 20 and 21st. Competitors and spectators alike appreciated the excellent facilities of the Horse Show Grounds and ideal Santa Barbara weather after last year's rain out and limited quarters.

In the jumper division a 13-year-old Sacramento girl, Penny Lynne Corpe, stole the show by winning the featured gambler's sweepstake; jumpers, handy; jumpers, amateur; jumpers, F.E.I. fault and out; and taking 8th place in the Rancho San Fernando Rey F.E.I. jumper sweepstake. She rode the consistent bay, Curley Bill, owned by Mr. and Mrs. Seth Beach of Rio Linda, to become the High Point Junior Rider of the Show, with Curley Bill taking the Jumper Championship and becoming High Point Horse of the Show. The Reserve Jumper Championship was won by Indian Giver, owned and ridden by movie actor Tab Hunter, who drew much applause from the crowd.

Mrs. Louis Pfau's Short Day ridden by Jimmy Williams won the Hunter Championship with his usual easy style and No Commotion, owned by Lindy Patrick, took the Reserve Championship with Marcia Williams up.

These popular classes were enjoyed by all but with the growing interest in dressage in California it is hoped that some events of that nature will also be arranged in this fine arena in the future.

Western New York PHA

Mailmen and horse lovers seem to have one common bond, no matter what the weather they do their job. Rain and more rain pelted down on the competitors at the second annual PHA show held at the Avon Springs Downs, the going got slipperier and muddier but the show went on and it was a record number of horses who took part in the whole affair. Hunter entry dominated much of the show and some fine rounds were seen. M.K.

Monterey County Fair

The Monterey County Fair, held August 20 through 24, was in the opinion of this observer one of the best shows they ever held. The classes were well filled with good horses and the show committee went to the expense and trouble of bringing in a good out of state judge who pinned the horses the way he liked them, namely Mr. Charles J. Barrie.

To attempt to cover all of the good performances in this five day show would take more space than is available. Outstanding classes were the F.E.I., \$1000 Hunter and the \$1000 Jumper Stakes.

The F.E.I. was an excellent class with big fences but placed so the horse had a good chance to jump them. It developed into real competition between two horses - Davey Crockett, owned by Mrs. T. B. Blakiston, and ridden by T. B. Blakiston, Jr. and Fair Trade, owned by the Stanford Riding School and ridden by Judy Mangin. Both of these horses on the first go-round had perfect performances and the same was true of the jump off, however, Davey Crockett ended up as the winner by a margin of two seconds. This type of class is becoming more and more popular because the public can understand it.

The \$1000 Jumper Stake was won by that grand old campaigner Balbriggan owned by the Barbara Worth Stables and ridden by Barbara Worth. There is no open jumper shown on the Pacific Coast that has a better record than Balbriggan. He and Barbara have been in the ring so often that I think the reason they go so slowly is to be able to talk over the big fences together. It was not a clean performance but it was a good performance.

The \$1000 Hunter Stake was usual brought out only the best. It was won by Compromise, owned by Kathy McAfee and ridden by T. B. Blakiston, Jr. Compromise is undoubtedly one of the best hunters on the Pacific Coast and in this class he put

in the top performance of which he is capable. In the second spot and very close was Proud Sirde, owned by Alfred Meyer and ridden by Barbara Worth.

The Jumper Championship was won by Balbriggan with Reserve going to Watch This owned by Burks Training Stable and ridden by Pat Burks. The Hunter Championship was won by Compromise who didn't have a bad round in a single class, and the same can be said for the Reserve Champion of the Show, Proud Sirde.

Quentin

Undoubtedly the sensation of the big three-day Quentin Riding Club Horse Show was the performance of Ivy Ridge, an eight-year-old chestnut mare in her first year of open jumping, formerly having been shown as a hunter. Entered in the green jumper division which attracted about two dozen entries to a class, Ivy Ridge, owned by Mrs. Helen McClure of Collegeville, took an early lead by winning the first three classes in her division, but was eventually nosed out by one point by John Lorenz' Limestone, who had quietly been collecting seconds and thirds, then a first, to overtake the leader and total 16 points for the championship crown. Limestone, now six years old, is the same mare with which Pat Dixon made a clean sweep of last year's green division.

The green jumper knockdown and out set what must be a record in that no fewer than 11 horses made the nine-jump course without a knockdown.

The open jumper division also provided its quota of thrills, although the entry list was somewhat smaller, running from 11 to 15 per class. When the scores were all in, it revealed that the competition was very, very tight, for only one point separated four horses from the championship. Jack Be Quick, owned and ridden by Joe Wright, copped the tri-color, while Mr. Floppy, owned by Joe Green and ridden by Lindsay Upshaw, held the reserve spot.

A word might be said about the fine performance of 15-year-old Jerry Frankhouser of Gordonville, competing in the open and green jumper division with adults. Although Jerry's name did not appear too often in the final summaries, he was very frequently in the jump-offs for first place, riding The Face, open jumper, and Town Talk, green jumper.

The tenth championship in 12 times shown in 1958 was the record compiled by Mr. and Mrs. Henry D. Paxson's Chappaqua, at the conclusion of the show. This record included both conformation and working hunter championships. The beautiful and affable dappled gray was conformation champion and also reserve working hunter champ. In most of the classes he was ridden by Mrs. Paxson, and in the rest by Allen King Jr. Reserve conformation champion was Irish Warrior, owned by Irl A. Daffin, ridden by Mrs. Joseph Ferguson.

Kimberling, the staunch campaigner from Kimberling Hills Farm, knocked off the working hunter championship as a result of his fine performances under the hands of Raymond Burr. Competition in this division also was tight, for close behind Chappaqua was Irish Warrior, and the Paxson's Flint Hill.

It is somewhat disappointing to see the good conformation classes - once the mainstay of hunter divisions - dwindle as they have within the last few years. At Quentin, with a total entry list of

nearly 290 horses, there were only five or six conformation hunters to a class. This blight also seems to be spreading to the regular working hunters, with only seven to ten entries, fairly typical of most of the shows in southeastern Pennsylvania this year.

But not so with the green working hunters, for there was a maximum per class at Quentin of 28 aspirants. Champion was the free-going Barbonne, owned by Miss Barbara Van Tuyl, ridden by Shirley Weinstein. Reserve went to Sir Gold, owned by Mr. and Mrs. George W. Scheetz, ridden by Jenepher McLean, after a hack-off with Starfire, owned and ridden by Mrs. Walter H. Kaltreider.

The children were out in full force on the third morning of the show. Pretty Sherry Stalker, Washington, D. C., was judged best child rider in the 13 to 18 year group, with Andrew Kreider, Annville, Pa., winner of the ASHA Medal class, hunting seat, in second place. Susan Burr, daughter

Mrs. H. Nelson Slater, Jr. (Joint M.F.H. Essex Fox Hounds) owner-rider on Effective, champion hunter of the Spring Valley Horse Show, Morristown, N. J. (Carl Klein Photo)

of Mr. and Mrs. Raymond Burr, was judged best child rider in the 12 and under group, and Lee Godschalk was second.

Small pony champ was famous Pretty Penny, owned by Mr. and Mrs. Philip Gore, Towson, Md., with Chuckie Gore in the saddle throughout the show. Susan Burr was reserve with Wizard of Oz. In the large pony division, the tri-color was taken by General Sherman, owned by George Wade III, Mechanicsburg, a consistent winner this year, and reserve went to Heidi Lernan's Little Giant, piloted by Sherry Stalker.

Sutton

Sutton, Ontario, with its mid-summer show in early August has long been one of the nicest shows in Ontario. There is a tone to Sutton that is different but hard to account for. The exhibitors are about the same that go the usual Ontario circuit but the setting of the Fair Grounds of this small old town is very nice with a good outside hunter course in the infield. There is always a pleasant festive spirit here - the Fair's midway and Ferris Wheels are far enough away not to distract. The trotting races which periodically zoom past the show ring don't seem to distract the horse much either but it all adds a background of excitement.

The outside hunter course has plenty of variety and each year is altered a bit. The double bank, constructed a few years ago, offers something a bit different but which horses seem to accept well. Its construction is such that it can be used a number of ways. Jumping courses in the show ring proper are usually imaginative, of sizeable proportions and call for a lot of turning although it is a larger ring than average.

Altamont Fair

The weather for the first day of the Altamont horse show couldn't have been much better, and the second day was nice but a little breezy until time for the Hunter and Jumper stakes, when the threatening clouds broke and a real down-pour resulted. Horses, riders and spectators were drenched in a few minutes, and the ground became very slippery and muddy. Despite this going, young Tommy McGuirk from St. Jude's riding Coronation won the Jumper Stake, with Cordy owned by young Rusty Stewart and ridden by his father Russell Stewart taking second. The Novice Jumper class was won by Barbonne owned by Barbara Van Tuyl and ridden by Mrs. Shirley Weinstein. This horse is one of the outstanding green working hunters of the year. The Champion Working Hunter was Barbonne ridden by Mrs. Shirley Weinstein with Russell Stewart taking the reserve on Miss Fiddes. Exhibitor

Litchfield

The Litchfield Horse Show held August 9th celebrated the 119th anniversary of the first recorded horse show held in Litchfield. The trend at the Litchfield show seems to be away from the serious 'hunting hunter' type of show toward a junior gymkhana sort of affair. Missing this year were the pink-coated riders of former years who donned their fox-hunting attire to compete in the Corinthian, in the Hunt Teams and to show the Litchfield Hounds in a hunt scene come to life exhibition. In place of these realistic hunting events were a balloon bursting contest for junior riders and Tex Pavel, TV Cowboy, who replaced the hounds and huntsmen exhibition.

In the few remaining serious hunter classes, Top Sword, a big powerful bay owned by Mr. and Mrs. Perry Davis was the winner of the Open, Handy Stake and the Working Hunter championship. V.L.

Ludwig's Corner

Ties and a family twosome characterized this annual Labor Day show. The twosome involved that well-known brother-sister team, Betty and Jiggs Baldwin. The former rode the Tindles' Far North to two blues and a second to top brother Jiggs aboard Jayber, the family's hunter-jumper combination.

Ties were abundant in the junior and jumper divisions. An attractive grey newcomer, Barbara Keiser's Gum Drop, took the junior tricolor by virtue of a blue and a fourth. Reserve went to another pony as Louise Kelley's Red Feather defeated Kenny Rudd's Maid of Honor and the Derbydown Stables' Diana Major in the deciding hack-off. A good performance over the stake class course gave the jumper reserve to Floyd Carr on his So Big, ahead of the aforementioned Jayber and the C. B. Evans' Bright Eyes. The

locally famous Cassadol made one of her few appearances a successful one as she garnered the tricolor.

The two best horses in the green working division were both in similar roles, though different divisions, at Downingtown. Hunter champion Flying Curlew repeated his good performances with equal success in the green division here, with Leslie Lockhart's Hillandale, close on his heels. Fencepost

Unionville

Fortune Teller, a seven-year-old chestnut mare owned by Mrs. John J. Hill, of Berwyn, Pa., outpointed a classy field of more than 100 hunters with easy style and won the tricolors at the ninth annual Unionville (Pa.) Horse Show on Saturday, August 30. Mrs. Hill was in the saddle of her Greenwood Farm's prize colorbearer in three classes for three blues which rung up the championship for her. Fortune Teller has proved a

manytime winner for Mrs. Hill at the Valley Forge, Hilltop and Oxford shows. Mawi, a nine-year-old brown mare owned by Miss Mary A. Rumsey, London Grove, Pa., won the reserve championship.

As in previous years, the show was held at Brooklawn Farms, northwest of Kennett Square, Pa., the estate of Mr. and Mrs. John B. Hannum, 3rd, and the proceeds went to the Po-Mar-Lin Fire Company of Unionville.

Derbydown Stables, the Kennett Square line of Mr. and Mrs. Henry Warner, Jr., recorded an impressive win with Colette, a nine-year-old chestnut mare, which won the special children's championship. Colette, used regularly by Warner as his personal hunting horse, was ridden expertly in the Unionville competition by Miss Beverly Ritter, 17, of Kennett Square. Gum Drop, owned and ridden by Miss Bar-

bara Keiser, was children's reserve.

An interesting exhibition was provided with the special class for polo ponies which was won by George A. (Frolic) Weymouth astride his prize, Pushbutton. Weymouth, president of the Brandywine Polo Club of Toughkenamon, Pa., and former captain of Yale varsity polo team, returned from playing the polo circuit in Europe all summer with the U. S. Intercollegiate International team. Weymouth entered nine of his club's ponies in the Unionville show and won both the first and second prizes in the special polo pony class.

Mrs. Hannum was her usual busy, gay self welcoming her many friends and the large number of exhibitors at the show. Mrs. Banks H. Talley manned the secretary's table most of the day and thus gave her husband, who was show secretary, a tremendous assist. H.C.C.

International Juvenile Jumping Championship

Reiner Schlosser

The FEI's International Juvenile Jumping Championship was held this year in Hannover (Germany) with teams from Denmark, Great Britain, France, Italy, The Netherlands, Poland, South Africa, Hungary and Germany competing.

First event of the show - the Preider Stadt Hannover - was over a relatively small course with a time limit and was to be decided in one jump-off (barrage). 16 riders went clear in the first round and 3 of them repeated this performance in the barrage, thus sharing 1st prize:

and final barrage.

The actual European Championship was held on the last day of the show, a Sunday, under the same rules as a Nations' Cup. After the first round Great Britain, South Africa and Germany were in the lead, all these teams having no faults, followed by Italy with 4 and Poland with 7 faults. In the second round the Italian team went clear and the Hungarians also moved up, three riders of this team going clear. The British team also was clear again, whereas France and South Africa

(LEFT) - Winners for the second year in succession of the F.E.I.'s International Juvenile Jumping Championship at Hannover, Germany were England's Team (L. to r.) - Norton Brookes

on Granite, Carole Beard on Corbar, Lady Sarah Fitz Alan Howard on Tan and Joe Ashmore on Desila. Lady Sarah Fitz Alan Howard (RIGHT) on Tan. (Tiedemann Photos)

Ballynool and Perla de Ponte Conte (Italy) and Arannyos (Hungary).

This event was followed by a team competition in the afternoon of the same day - the preliminary prize. Here the British team - Lady Sarah Fitz-Alan Howard on Tan, Carole Beard on Corbar, Norton Brookes on Granite and Joe Ashmore on Desila - turned out the winner with a total of 12 3/4 faults, Italy (13 1/4 faults) being a close second and Germany (21 1/2 faults) third.

The next day saw an individual competition - The Preis von Niedersachsen. Here 10 riders had to qualify for the final round, to be decided in 2 barrages. After the first barrage only the South African horse Oorskiot and the German horse Bajazzo were clear. Bajazzo, with last year's individual winner Renate Freitag up, also won the second

finished with 4 faults. The German team was in for rather bad luck, its best rider, Renate Freitag, fell at the first obstacle, a treble, incurring jumping and time faults. The German team thus finished the second round with 8 faults ending on 4th place. The Championship ended like last year, in a well-deserved victory for the British team, Italy and South Africa finishing as equal seconds.

Brookville Junior

The very large Brookville Horse Show for juniors was somewhat marred by an accident which resulted in a fatal injury to E. W. Munson's veteran Ronoke. The chestnut hunter, being shown for the first time in several years hit the last fence, dislodging the rail which caught between his front legs, turning him over. It was decided that his internal injuries were such that he had to be destroyed. Fortunately, rider Dan Roche escaped without being hurt.

Courses and performances in the open division were of a type to do credit to older riders. With honors widely divided, 10-year-old Ira Wisefield rode The Gem, a new acquisition of his father's, to gain the tri-color after a jump-off.

Another newcomer, Rice Farms' Wild

Rice, added to her rapidly growing collection of blue ribbons by winning the corinthian and the stake. This, along with a hack ribbon, gave her the championship for rider Nancy Rice. Reserve was Elise Bradley's owner-ridden Dim View.

Susan Schier qualified for the National with her third Medal and also was reserve to Ralph Johnson in the horsemanship division.

Pony Club Hunt

Members of the Genesee Valley Hunt Pony Club had a special treat during the current cubbing season as they were invited to take part in two hunts with the Genesee Valley Hunt. The first one saw over thirty young members in the field and it was as though the animal life knew it was pony club day. Several foxes were viewed, many a gallop was had and in one case the whole drama of

hunting was clearly portrayed. The Master, W. P. Wadsworth, cast hounds in a swampy area; minutes later a likely looking cub made a dash for the open, the spine tickling hound music broke the spell and at the Master's signal the field was off for a very interesting hunt.

At the breakfast afterwards, the Master had some kind things to say about the conduct of the field. There had been no crowding of hounds, or aimless wandering of horses during checks, nor were poor hunting manners exhibited during the entire morning. Some good questions were asked and answered about hound work and in general the children had a memorable time.

The Cup And The Fall

How I sympathize with Jimmy Zimmerman's embarrassing dislodgement when presented with the bowl for the Equitation Championship at the 14th Annual Maryland Pony Show. Just about the same thing happened to me some time ago, which has warranted my giving a warning to every rider to whom I have presented a trophy since.

The occasion of my embarrassing downfall was when the Princess Elizabeth Challenge Trophy was offered for the first time in Canada for the Pony Club. I was riding a two-year-old Thoroughbred and was immensely pleased and proud of how well he had gone in the class. Furthermore I was showing off his good manners by leaving the reins on his neck as we all stood lined up. Then the glorious cup was being carried in our direction, I thought to be given to the girl standing next to me. I was sitting in a day dream, admiring the cup and thinking how lucky this girl was, when instead of giving it to her they handed it to me. I was in a daze. I put out both hands to receive the cup and gathered it to me when the colt suddenly woke up - eyed the glitter and took off. Subconsciously I had slipped the buckle through my arm but the reins were still dangling. What to do? Drop the cup? Never! The attempt to wind up the slack of the reins on my arm only served to confuse the colt further and before long I was on the ground still clutching the cup with the dreadful thought racing through my mind that now, after such a disgraceful display, they would take the cup away. They didn't. Although it has been an Annual Event for the Pony Club ever since and is a Challenge Cup, they let me keep the original one, as it was the introduction for this competition in Canada. There it sits in all its splendor on our mantelpiece, serving as a reminder to always take care when receiving a trophy while mounted.

Middle Tennessee Pony Club

The Middle Tennessee Pony Club, five years old on Oct. 10, took the occasion of its 5th annual Horse Show, Aug. 30th, to dedicate the Club's new Headquarters and Training Center opposite Percy Warner Park some 8 miles south of Nashville.

The Middle Tennessee Pony Club Headquarters and Training Center consists of a 16 acre tract owned by the father of a member. This person, who prefers to remain anonymous, also presented the Club with such facilities as a ring nearly 300 feet long, complete with railing, lights, drainage, a set of show jumps, and comfort stations.

A cross-country course will be the next gift and a stable will be refurbished for demonstration-lectures and temporary horse keeping. There is also a well for the watering of horses.

Now that the annual show is over, the immediate main project is to grow grass in the ring during autumn and winter. But limited instruction meetings and schooling over jumps will probably be permitted in other areas long before the ring is grass covered.

This is the first Headquarters for the Middle Tennessee Pony Club and the anonymous giver is apparently the first person with something big to give who thought of giving it and then carried his thoughts into action. Predictions are that he will derive more pleasure from this constructive generosity to youth in the saddle than from anything he might have bought for himself. He can see good results growing before his eyes.

The former grass-lot show started with impressive ceremonies. Msgr. Joseph Seiner blessed the grounds and gave the invocation. The flag was raised by a color guard of the Army, Navy, Marines, and Air Force. The National Anthem was played on the electric organ. The Tracefield Farm (Mrs. W. C. Magli) Drill Team of 20 Pony Clubbers executed a spectacular mounted drill, costumed in P. C. colors, blue (pullover) and white (breeches), - and the show was on.

An important part of the grand opening of the Headquarters was the presence of Col. Howard C. Fair, President of the U. S. Pony Clubs, Inc., and Mrs. Fair, as judges of the 18 class - afternoon and evening show. One hundred fourteen riders took part, this being the largest turnout of any local P.C. show.

Fairfield Junior

The best junior horses and ponies in the East turned up for the 19th Fairfield County Junior horse show. The weather couldn't have been better and the show couldn't have been a bigger success than it was.

Judy White rode Churchill Farm's Warranty to win the Junior Hunter crown by winning many of the major classes.

The horsemanship classes were well filled as usual. Lucy Cullman, a newcomer to the horse shows won six large classes. Joan Draper looked very sharp on her grey equitation horse and rode well to take both the Connecticut Horsemanship Championship Event and the regular horsemanship crown. Michael Del Balso was reserve to Joan in both events and also won his second Maclay. Hank Minchin rode outstandingly well to win his third Medal class.

The pony events are always fun to spectate. For the second year in a row, Lynn Solinger rode Minute Man brilliantly to win the large pony tri-color. Margaret Draper's Daddy Long Legs was the top medium pony over Eddie Neville and his Weatherlane. Eddie's younger sister Whitney Ann was the cutest of all the pony champions. She and her good jumper Jet won the small pony crown.

Of all the junior horse shows around the Metropolitan area the juniors seem to enjoy the "junior-run" show at Fairfield. Undecided

Horse Show Jitters

Something mysterious happens at breakfast on horse show days, The things I eat those mornings change in such funny ways. My toast turns into butterflies that flutter in my tummy, My cereal's hard to swallow and it feels all glue and gummy. My milk turns to an ice cube, lying cold and hard inside. When I think about this horse show I'm not SURE I want to ride. But supper always tastes so good Although it comes quite late, 'Specially if a ribbon's there resting beside my plate.

Springbrook Polo Club

The Springbrook Polo Club, of Toledo, Ohio, opened its 1958 season at Youngstown, Ohio, on May 30, losing to Mahoning Valley by a score of 8 to 6. Another game was played on June 1, and again Mahoning Valley defeated Springbrook by a score of 8 to 6.

On June 8, Springbrook lost to Salem by a score of 14 to 10, and on June 15, Springbrook defeated Dayton 11 to 8. On June 22, Cincinnati defeated Springbrook by a score of 14 to 7. On June 29, Cleveland defeated Springbrook by a score of 8 to 6, and again on July 6 by a score of 8 to 4.

On July 13, Springbrook defeated Columbus by a score of 8 to 6, and then defeated Cleveland by a score of 17 to 1 on July 20. On July 27, Springbrook traveled to Dayton where Springbrook won 7 to 3.

On August 3, 1958, the Birmingham Ramblers came to Toledo to play on the Corey Road field before a capacity crowd. Rich Gibson, of the Ramblers, scored in the first chukker, as did Charles Wright, and John Monetta, on loan to the Ramblers, hit in a foul shot to give the Ramblers a 3 to 0 lead. The play of Rich Gibson was phenomenal during this period. A sure goal was lost to Springbrook when Rich Gibson, riding wide open, crossed the mouth of the goal and swung his mallet under the horse's neck, catching the ball in the air and driving it back downfield. Henry Weiss took the place of Jack Hankison at number 3 in the second chukker.

Dan Abbey scored two goals for Springbrook, but both Rich Gibson and John Monetta scored for the Ramblers, to give the visitors a lead of 5 to 2 at the end of the second chukker. In the third chukker Dan Abbey scored again for Springbrook and Chuck Wright scored again for the Ramblers to give that team a lead of 6 to 3 at the half.

At the half a girls' team, dressed as hillbillies, played an international match with a team of British notables. The girls, who were all excellent riders, had some advantage over the boys, who had never before been on a horse. The girls, "Barefoot Boo-Boo" Harpst, at number 3, and "Hogback" Hurlbut, at back, played the British Empire Champions, the Hurlingham Club.

Squire John Lydia Pinkham Hurlbut was at number 1 for Hurlingham, with Sir William Schenley Guggenheimer-Lathrop at number 2, and the Right Honorable Commander Gregor Mendel Emmert at number 3. At back was that veteran of the Boer War, Sepoy Rebellion, the Caine Mutiny and the Suez Crisis, Lieutenant General, the Lord Earl Vain Stewart, K.B.E., C.B.E., K.G., M.P. and A.A.

The Hillbilly team was declared the winner when all of the Hurlingham Club riders fell off their horses. The referee rode side-saddle during the match and the balls were carried in a surrey.

Play was resumed, and Dan Abbey,

Howie Harpst and Jack Hankison all scored for Toledo to tie the score. In the fifth chukker, Dan McCullough electrified the crowd by picking up the ball near the Ramblers' goal line and carrying it the length of the field only to miss on his goal shot from twenty yards out. Henry Weiss roused Springbrook's hopes by picking up the Ramblers' drive-in and shooting a perfect goal to give Toledo the lead for the first time. In the last chukker the Ramblers were again held scoreless and both Howie Harpst and Dan Abbey scored goals to give Toledo a win at 9 to 6.

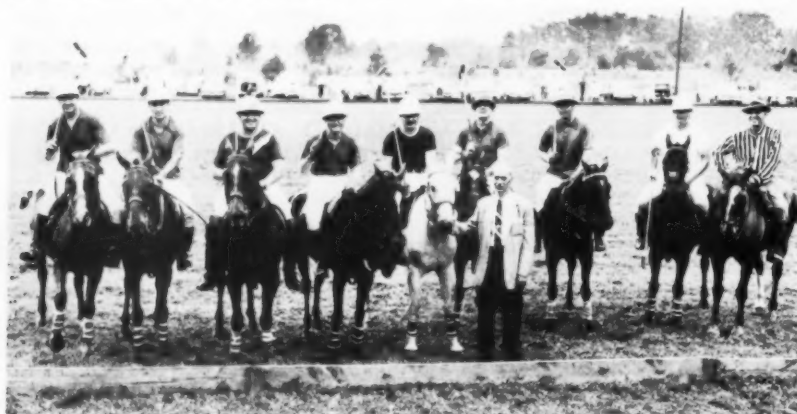

The game was wide open, with extremely good ball handling and spectacular shots were hit by both sides. Mr. Gibson, at back for the Ramblers, made many saves and most of the long shots of the day. Tom Swigart got in the game in the second chukker at number 1 for Toledo. Richard Phelan, of SPORTS ILLUSTRATED, was present with his cameraman to cover the game in connection with an article on Mid-Western polo.

On the 17th of August the Mahoning Valley team invaded Toledo and played Springbrook on the new outdoor field in the infield of the Maumee Downs race track. Howie Harpst was hot that day and added four goals to Dan Abbey's one to beat out the strong Mahoning team 5 to 4. One of the largest crowds of the season turned out to see the game which was held in connection with the showing of Mercedes sports cars.

The Springbrook team sent horses to Cincinnati for the 24th of August game and on the 24th the players had flown as far as Dayton in Jack Hankison's plane when they were informed by radio that the game was rained out.

Cyril R. Harrison came to Toledo on August 24 and remained until the 27th. While he was in Toledo he supervised stick and ball practice and practice games. The members of the springbrook team are grateful to Mr. Harrison and to the United States Polo Association for this helping hand.

On Sunday, the 7th of September, Springbrook played the strong Birmingham Ramblers team on the Corey Road field. Despite the fact that Springbrook was leading 7 to 1 early in the game the Ramblers never stopped trying and in the closing minutes were on the march. Springbrook won 12 to 9. For Springbrook, Dan Abbey, who has been a consistent high scorer in all games but the Mahoning Valley game on August 17, scored 6 goals. Heinie Weiss scored 3 goals, Dan McCullough 2, and Jack Hankison 1, for Springbrook. Howie Miller, fresh from his triumphs in the show ring, scored 6 goals for the Ramblers and was followed by Rich Gibson with 2 goals and John Monetta, on loan to the Ramblers, with 1 goal.

Springbrook has now won seven and lost six games. Several games are booked at the Corey Road or Maumee Downs fields during the balance of the season and this year's team hopes to equal the record of the 1950 team which won fourteen out of twenty-two games.

This year Springbrook has had a wealth of talent with John Monetta, Ted Elston, Tom Swigart and the veteran Dan McCullough riding at the number one position, and with Howie Harpst, Dan Abbey and Heinie Weiss in the number two and number three positions, and Jack Hankison playing at back, and at number two in the indoor game.

Ed Sherman, manager of the Heather Downs Country Club, has taken over the management of the affairs of Springbrook and has been a powerful force in bringing out crowds which have run as high as two thousand persons at some games.

The stables of Springbrook are located on the Forest View Farm owned by Helen Harpst which is adjacent to the R. A. Stranahans' estate, Stranleigh. During the winter of 1958-59 Springbrook will again use the indoor riding ring and the club rooms on the R. A. Stranahan estate for practice and an occasional game.

Brandywine Polo

Bill Phillips

Richie Jones, captain-elect of Yale's varsity squad, playing his first game with Brandywine, tied Everett King, Jr. with 3 goals to pace the local club's 7 to 5 win over Bethpage on Aug. 6. The visitors scored a goal apiece in the final period but trailed by two goals at the final bell. Curt Rosche led the Long Islanders with 3 markers.

Scoring: Brandywine: Jones 3, Harrington 1, King 3. Bethpage: Koch 1, Rizzo 1, Rosche 3.

Referee: E. King, Sr.

Col. Howard Fair's 4 tallies in the 8 p.m. opener led the All-Stars to a 9-4 win over Newark.

On Aug. 10 the All-Stars handed Brandywine its fifth setback of the season, 9-5. A four goal rally in fifth plus two in the fourth period eclipsed the half time, 3-3, tie. Preston King paced the winners

Benjamin Levinson, Chairman of the Hospital Committee of the Allied Veterans Council, Detroit, Michigan, which sponsored a charity polo game on Sunday, September 21st at Roy's Ranch, Oakland County, Michigan. Mr. Levinson played on a side which included his son, Franklin, 12 years old, here shown with his father. The opposing side was headed by Jack Ivory, captain of the Ivory Rangers. Mr. John F. Ivory, who has promoted polo in the Detroit area for so many years, sent his team of Roman riders and ponies to perform between chukkers.

The Aug. 13 benefit for Coatesville Forrest #56 of the Tall Cedars of Lebanon recorded two of the most lopsided scores in Brandywine's 8 year history. In the opener, Merchantville, led by Everett King, Jr.'s 7 goals, laced Avondale, 12 to 2, and Brandywine drubbed Tally-Ho 17-1. Norm Taylor and Andy Anderson, Brandywine's player-announcer, paced the local club with 6 markers apiece.

On Aug. 17 Brandywine edged the All-Stars, 5-4, on the outdoor field in a benefit match for the Delaware Humane Ass'n. The Stars maintained contention throughout, trailing by only 1 goal from the third period on. Ray Harrington and Harley Williams garnered scoring honors with 3 markers each.

Scoring: Farmington - Butterworth 3d 4, Butterworth Jr. 2, Whitehead 4. Brandywine - Fair 4, Weymouth 1, King Sr. 4. Referee: N. Taylor

In the opener Fred Fortugno maced 6 goals to give the Oxford Royals a 10-7 victory over Newark.

In the opening round of the Gerald Balding 8-Goal Memorial Trophy Tournament on Sept. 7 Brandywine up-ended Warrenton P. C. of Va. 13-2. The tournament was set up this summer when the U. S. Intercollegiate team on their tour in England presented its hosts with a gold cup in memory of Gerald Balding, one of that country's most outstanding poloists who played with Great Britain against the United States and with the U. S. against Argentina in the famed international matches of the 1930's. England in turn presented the collegians with a twin cup and proposed that the cups honoring Balding be played for in 8-goal tournaments to be organized in their country and in the U. S. George Weymouth, Brandywine's president who captained the collegiate squad, has announced the selection of Brandywine as the host club in this country.

USET National Open Dressage Event

Herman Friedlaender

From six states as well as Canada came the 27 horses and 18 riders which took part on September 20-21 in the first National Open Dressage Event, sponsored by the U.S.E.T. and presented through the generosity of the Bloomfield Open Hunt Club at their clubhouse, Bloomfield Hills, Michigan. Three horses were flown from California to the competition.

From all angles it was a magnificent affair. It would be hard to visualize a more beautiful setting anywhere in this country or even abroad. Under the chairmanship of Irving A. Duffy, a Director of the USET, the preparations and arrangements were superb down to the last detail. No where, here or abroad, have we seen anything more competently staged.

Outstanding Facilities

The Club's facilities are outstanding, with excellent stabling and warm up areas. The dressage ring was laid out in the center of the Club's turf show ring, completely surrounded with a white fence, and flower arrangements were attractively placed around the enclosure. The judges sat on a platform raised about three feet from the ground and thus had an unobstructed view of the arena. Supports were even provided at the side of each judge to carry a huge umbrella, should the weather call for it - and such foresight paid off when a downpour finally began with the last performance of the second day!

The event was comprised of three classes. The 1958 FEI Prix St. Georges was the main attraction in which the Colonel Hiram E. Tuttle Challenge Trophy was put into competition for the first time. Two classes preceding this event served as a warm-up. Class 1 was the AHSA C-2 test, open to all riders and horses which had not been placed first, second or third in D tests in the United States or M or Grand Dressage tests abroad. Class 1A was also the AHSA C-2 test, open to all horses not eligible for Class 1.

Mrs. Downton's Double

The competition opened on Saturday morning at 8:30 with Class 1, in which 15 horses competed. A very sizeable audience attended and were provided with copies of the test, which they followed most attentively and appreciatively. The class was won by Mrs. Franklyn Downton

of California, riding her Holsteiner mare Golden Arrow with 147.3 points out of a possible 210. Actually the best performance was made by the Hannoverian mare Sissi, also owned and ridden by Mrs. Downton, with a score of 142. The smoothness and impulsion of this mare and her elegant way of moving were a delight to the eye. Unfortunately, Mrs. Downton incurred error penalties which dropped the mare into second place. Third place went to Major Robert Borg riding Drop Dead. This horse took part in the 3-Day Event of the 1956 Olympic Games in Stockholm, as did Sissi, the former being ridden there by Frank Duffy. Dr. Helga Laufenstein of St. Thomas, Ontario, Canada, riding her 9-year-old gelding Hans Im Glueck, placed fourth. Fifth place went to Miss Patricia Galvin of California riding her gray mare Brac Na Ri, with which Miss Galvin won fourth place last year in the National Wofford Cup 3-Day Event Trials in Colorado.

There was a pleasant break about half way through the class when the audience was treated to a 6-Bar jumping competition in which the leading professional riders of the area competed.

Living Textbook

After lunch the competition was resumed with Class 1A in which the more experienced horses competed. This class was won most convincingly by the German Thoroughbred Scipio, ridden by Miss Karen McIntosh of New York with 172 points out of a possible 210! This brilliant horse was indeed "keen but submissive", moving with lightness and precision and extraordinary cadence. It was like a dressage textbook come to life. The transitions from ordinary to extended and back to collected trot were distinct and smoothly executed. The lateral flexion through the corners and in the voltes and serpentines were always correct, showing great suppleness. Changes of lead in the gallop, either simple or flying, were executed smoothly without effort or falter and on a perfectly straight line. This horse's halts were excellent with the haunches coming under the center of mass, and he stood like a monument. Moving out from a halt, he was able to go without hesitation into whatever gait was required. At no time were any stiffnesses or resistance apparent. It was truly a

THE CHRONICLE

brilliant performance.

Miss McIntosh's second horse, Malteser, was not so docile of temperament and gave his young rider a little trouble. In the new surroundings he was a little nervous and sometimes tense so that he could place only fifth. Mrs. William J. Barney Jr.'s entry, Missanna, a cross between the German Hannoverian and East Prussian breeds, showed brilliance and great promise, placing second in the event with 149 points, coming in only one point ahead of Mr. James M. Jones riding Miss Prince.

Tuttle Trophy

With this class concluded, one was filled with expectations for what might be in store the next day when the big test came in the Prix St. Georges. The FEI officially recognizes three tests of varying degree of difficulty. These are: (a) the Prix St. Georges, a test of medium

ITALIAN EQUESTRIAN TEAM - Through the courtesy of "IL Cavallo Italiano" we reproduce this cartoon by Lt. Col. Brescia showing (in descending order), Raimondo D'Inzeo, Giancaria Gutierrez, and Piero D'Inzeo.

difficulty; (b) the Intermediate Dressage Test, which is of advanced difficulty and (c) the Grand Prix de Dressage, the test for experts, calling for the highest kind of artistic equitation.

The Hiram E. Tuttle Challenge Trophy is to be competed for normally in the field of Grand Dressage. This year, however, since it marked the beginning of this new form of national competition, it was considered best to keep the requirements more modest and the Prix St. Georges (1958) was authorized.

As a prelude to the big event on Sunday, Mr. and Mrs. Duffy had invited officials, contestants and judges to a garden party at their home in Birmingham on Saturday evening. In a huge tent a sum-

Friday, October 10, 1958

uous buffet was spread. The graciousness of the hosts, a roving orchestra and the excellent food and refreshments put everyone in the best of spirits and made it an affair long to be remembered.

Watjen Pupils Dominate

Fifteen horses were entered in the big event on Sunday which included the best we have in this country at the present time. The horses and riders trained by Mr. Richard Watjen of Sunnyfield Farm, Bedford Village, New York and composed of Karen McIntosh riding Scipio and Malteser, Mrs. William J. Barney Jr. and her mare Missanna, and Mrs. Howard Serrell riding her black mare Annette, represented a formidable contingent and clearly dominated the competition. This group was most impressive through the excellent and elegant seat of the riders, the tactful, nearly invisible application of the aids, and on the part of the horses, through their marked impulsion and their great suppleness and obedience. It was worth traveling many miles to see.

Malteser, who had been a little erratic the previous day, settled down and gave a smooth and accurate performance with touches of real brilliance. He received 229.3 points out of a total possible of 280. This performance seemed hard to beat but beaten it was by Malteser's stable mates Scipio and Missanna who, with 240 and 235 points respectively, placed first and second.

Missanna was the last horse to start; once in the ring it started to rain, becoming a veritable downpour before the ride was completed. Although the mare did not move quite straight at the gallop and was not always sufficiently flexed through the corners, her cadence and impulsion were excellent. Her halts were exemplary; the backing straight and rhythmic and the best shown by any horse during the two days; her departs were without falter so that the second place this pair earned was well deserved.

A ride well worthy of note was that of Mr. Charles D. Grant of Birmingham, Mich., who presented his 8-year-old Palomino mare Shining Gold and with 217.3 points ended in a good fourth place. Mr. Grant rode with suppleness and great tact. The eagerness and willingness with which the mare responded and the absolute trust she had in her rider were most pleasing. When the rider overcomes a slight stiffness which the mare occasionally showed in the jaw, we can see a bright future for her.

Pirouette Introduction

A number of horses were marked down for not executing movement number 15 properly. In this movement the horses came down the center line in a canter. At point "L", they were required to describe a half circle to the left on two tracks at a maximum radius of 1 meter (approx. 3 ft.) and to repeat this later at point "G" to the right. Obviously, this movement

was an introduction to the pirouette asked later in more advanced tests. The FEI Rules (1958, p. 23) quite clearly describe this movement as follows:

"Pirouette. - This movement is a small circle on two tracks, with a radius equal to the length of the horse, the fore-hand moving round the haunches.

"At whatever pace, the pirouette is executed the horse should turn smoothly, maintaining the exact cadence and sequence of legs of that pace.

"At the pirouette, as at the half-pirouette, the forelegs and the outside hind leg move round the inside hind leg, which forms the pivot and should return to the same spot each time it leaves the ground. If, at the canter, this leg is not raised and returned to the ground in the same way as the other hind leg, the pace is no longer regular....."

Quite a few horses in this class pivoted about their inner hindleg, with the same remaining fixed on the ground, cowboy fashion, the leg never being lifted off the ground. Of course it is the essence of this movement that the beat of the canter and sequence of footfalls be maintained; disregard of this requirement lowered the scoring of the exercise appreciably.

As a whole, the performances in this class were of a remarkably high standard and many people left inspired by what they saw. The work and effort expended by the Bloomfield Open Hunt Committee under its capable and enthusiastic chairman Mr. Irving A. Duffy in staging this event were very much worthwhile and greatly appreciated by everyone whose heart belongs to the horse and who is interested in improving our riding standards.

Edward Wulff

Dear Sir:

The enclosed clipping marks the closing of a big book. One of the old Masters has passed on. I am hoping to see this printed in The Chronicle because he had many friends I have no way of reaching except through your paper. I believe he was a subscriber of many years.

His aim was always to make horses and riders qualified to try out for the Equestrian Team. I feel it would be a nice gesture to appeal to those who knew him to help raise a fund to be donated in his name to the U. S. Equestrian Team. I am sure if he knew he would be pleased. If anyone would like to take part in this, make out his check to the U. S. Equestrian Team and mail it to me immediately. His 75th birthday would have been December 12th. On that date I would like to be able to send it in.

His father, Edward Wulff, was one of the top showmen in Europe, being noted for presenting unusual liberty acts. While they were a circus family, our Mr. Wulff wanted more. He studied dressage and received a diploma qualifying him to train and to instruct. He has been in this country since 1924 and became a naturalized citizen not long after. From the beginning he has stressed Olympic riding under F.E.I. rules and urged all those he came in contact with to teach it. After all these years it is finally beginning to show in the Pony Clubs. We heartily hope it keeps on growing because we need gradually to weed out the hit or miss instruction and training so prevalent in this country. Our young people of today are the Olympic riders of tomorrow, keep them properly trained

from the start and keep them coming.

Yours truly,
Mrs. Allen K. Elden

Anders Lane
Nashua, N.H.

The clipping reads: "Edward Wulff, a resident of this city for the past five years, died at a local nursing home Tuesday night. He was born in Aachen, Germany, son of Eduard and Anna (Schultes) Wulff, on Dec. 12, 1883.

"Mr. Wulff was a member of a famous family of horsemen in Germany and John Ringling brought him to this country in 1924 to train horses for the circus. He later worked at Tee Van stables in Brooklyn; riding schools in Ann Arbor, Mich.; York, Pa., and Rhinebeck, N.Y.; and trained horses owned by Marian Anderson, famous singer. He also worked at Benson's Animal Farm training ring horses. He was last associated with the Elden Riding Stables on Anders Lane."

Tax on Boarding Horses

Dear Sir:

I am writing you this letter, which has to do with a problem of federal club dues taxes, because I think the matter will be of interest and may possibly affect many readers of The Chronicle.

I am President of The Fairfield County Hunt Club of Westport, Connecticut. The Club has a swimming pool, tennis courts, stable, riding ring, polo field and a restaurant. Of a total of 225 members, about 20 members board their own horses at our stable for which we charge \$80 per month. The Club itself owns about 12 horses.

We are in receipt of a letter dated August 26, 1958, from the Office of the Commissioner of Internal Revenue, Washington, D. C., and signed by Mr. Dan J. Ferris, Director, Tax Rulings Division.

This letter states that the 20% federal

THE CHRONICLE

tax on dues is applicable to the \$80 monthly boarding charge we make to our members who keep horses in our stables. I quote, "the distinction between the service of cleaning and storing golf clubs and the service of boarding and caring for a horse is not sufficient to warrant placing the latter service in a nontaxable category.... Accordingly, it is now our position that a charge made by a social, athletic, or sporting club or organization for boarding a member's horse constitutes a charge for a sporting privilege or facility within the meaning of the statute and is subject to the tax on dues.... where the charge covers board of the horse for a period of more than six days."

The background of this ruling of August 26, 1958, is as follows. Sometime in 1956 when the agent of the Internal Revenue Department was auditing the Club's income tax return he said he felt that the 20% dues tax should be applied to horse board. Our accountant, John H. McGlooin, wrote to Washington. He received an answer, dated September 28, 1956, and signed by Mr. R. J. Bopp, Chief, Excise Tax Branch, Office of the Commissioner of Internal Revenue. It stated that, in effect, horse board was not subject to the 20% dues tax. Nothing more was heard from the matter until August 1958 when Mr. McGlooin received the letter which states that horse board is subject to the 20% tax on dues.

The Fairfield County Hunt Club, Inc., has dues of \$360 per year with a \$400 initiation fee. We have a membership of approximately 225 people of which approximately 20 members board approximately 35 horses at the Club stables at a charge of \$80 per month. On the basis of this ruling, the Club will have to pay approximately \$6,200 annually in additional federal taxes.

I am informed by our attorney that, in their opinion, because of the 1956 letter in the possession of our accountant, the Club will not be liable to the taxes until August 26, 1958, the date of the second letter. I am further informed that our Club, or any club, is liable for the amount of the taxes whether or not they collect it from the members and whether or not they are familiar with the ruling.

This ruling will seriously jeopardize the future of our Club stable. In our locality there are several private stables where members can board their horses for approximately \$75 to \$80 per month, considerably less than the \$96 per month the Club will now have to charge because of the ruling.

Any suggestions you may have as to what might be done would be gratefully received by the writer.

Cordially yours,
Henry P. Coogan, President
Fairfield County Hunt Club
Westport, Connecticut

Ruth Ray, of Darien, Conn., who painted our cover picture, is having a show of her paintings at the Grand Central Art Galleries, beginning November 3rd. Concerning her work the Grand Central Art Galleries News says: "Her paintings are a romantic view of day-to-day realities, which for her include raising three small sons, running a big house in the country with a menage of three horses and assorted dogs and cats, and riding to hounds twice weekly with her husband, Dr. John R. Graham. 'Sometimes,' she says, 'it's a little hectic, but in spite of everything I paint from 9 a.m. to 3 p.m. - every day except Tuesdays and Saturdays, when my husband and I hunt with the Goldens Bridge Hounds. On those days we get up about 4 a.m. and I cook up a batch of hot cereal for everybody. Then we are on the road by daybreak - the hunt is 20 miles away from our home.'

"Still under 40, Ruth Ray has had eight one-man shows, three in New York and one in Los Angeles.

"The artist explains her inspiration: A statement, simply set forth, with truth and beauty, is the best possible way to communicate; it is a rare thing to find, difficult to give, but worth every effort. My private life is full of delights, full of the strange and beautiful. The mists and moonlight change the pasture into a fairyland as we lean on the fence watching the horses playing and grazing and drifting away. The shrill calls from one paddock are answered from far away, the animals pause when the eerie bark of the red fox is heard as he enjoys the moon and snaps at fireflies; these and the insect song transform my good old daylight world into something touched with magic. And we go inside to look again at the children; they are constantly giving with their eyes full of love and wonder; they reaffirm the goodness and beauty everywhere.

"A few of the awards she has received; Bronze Medal of Honor, Allied Artists, 1957; Medal of Honor, American Artists Magazine at the National Association of Women Artists Show, 1956; Alice

Collins Dunham Prize, Connecticut Academy of Fine Arts, Hartford, 1955; 1954; \$100 Prize Silvermine Guild's 4th Annual New England Show, Connecticut, 1953; Marsha Brady Tucker Prize of \$150, National Association of Women Artists, 1953; \$200 First Prize at Connecticut Academy of Fine Arts, 1953; \$25 Honorable Mention at Terry Institute, Florida, 1952; \$250 Popular Prize at the Connecticut Contemporary Exhibition, Hartford, 1950; Julius Hallgarten Prize, National Academy; \$750 purchase prize of La Tausca Competition, New York 1946; Popular Prize and \$500 Purchase at Springfield Museum of Fine Arts, Massachusetts 1946; Alger Prize, National Association of Women Artists at National

Academy, New York 1945; and in 1945 the Nation-wide Pepsi-Cola annual art exhibit included her Laughing Gull Cape.

"Before her marriage, she taught for a while and took her paint box abroad to Europe, Greece, Egypt, Mexico and Guatemala, and later worked as night receptionist in a radio station so she could paint for her first one-man show.

"She attended Lenox, Spence and Dalton Schools and then Swarthmore and Barnard Colleges and studied at the Art Students League with Jon Corbino, Alexander Abels, George Bridgeman and Morris Kantor.

"Miss Ray is also making plans for a one-man show in Brussels, late April of 1959."

all efforts to register 100% winners. The popular jockey who rides for Morris H. Dixon started his triple off by winning the Baywood, a 1 3/4 mile allowance race for hurdlers. Reversing the order of one of Wednesday's hurdle events, Deveau got Mrs. C. Snowden Richards' Bleu Indigo up to defeat Mrs. R. Howard Lomas' Hunter's Lad by 1 1/2 lengths. Coming

from 5th in the field of 9 starters, Bleu Indigo came from 3rd over the 9th obstacle to lead the front-running Hunter's Lad over the 10th and final hurdle by 1 length. Responding further to Deveau, the 3-year-old drew away to score easily. Hunter's Lad was best of the balance, gaining 2nd money 6 lengths in front of William C. Robinson's *Valentine Slipper. The latter was coupled with the winner as the Sidney Watters, Jr. - trained entry. By Blue Swords-Blue Berry II, the sophomore made his 2nd start over hurdles a winning one in 4:02 2/5.

Two members of the field failed to complete the course as Shaved Ice, owned by James Walsh, was pulled up in the late stages, and Top Branch lost amateur rider Talbot Albert, III, over the 5th hurdle. The young rider from Fallston, Md., was not injured.

Western Pa. Hunt Cup

A field of 6 went postward for the Western Pennsylvania Hunt Cup, and, although Alfred H. Smith's Grand Chal failed to win, he did gain enough points to take over leadership for the United Hunts Racing Association's timber division award of \$1,000 with a total of 19 points.

Away from the tape first under Frank A. Bonsal, Jr., T. S. Nichols' *Coit opened daylight on his field as Alfred M. Hunt's Salt and Grand Chal followed as named, with the eventual winner, Bliss Flaccus' running 4th. Leading by 5 lengths at some fences, *Coit continued to carry the mail until the 16th fence, where Grand Chal moved on him and looked like a winner. However, Tommy Walsh called upon Simple Samson and the pair went on to challenge Grand Chal and dispose of him over the 18th and final fence by a length. Urging his mount in the stretch, 18-year-old Tommy Walsh got Simple Samson under the wire 3 1/2 lengths in front of Alfred H. Smith's fleet timber performer.

THE CHRONICLE

*Coit, who pulled up lame, finished a head in front of Mrs. Henry Obre's *Coup-de-Vite for third money. The Millwood Farms' Mary March, who was tied with Grand Chal for the UHRA divisional honors, finished 5th and last. Salt, well placed throughout, fell over the 18th and final fence while tiring. His rider, Custer Cassidy was not injured and quickly removed his tack so the windless 'chaser could regain his knocked-out breath and get back on his feet.

The event marked the first victory over timber for Simple Samson and the 28th jumping success of the year for Thomas Walsh to place him tie with Paddy Smithwick for steeplechase riding honors. The winner was timed over the "about" 3 miles and 18 timber fences in 6:20 2/5.

Flaw Wins Laughlinton

Without a mount in the timber or brush features, Edwin Deveau, scored his second triumph of the day in the Laughlinton, a 2 miles hurdle event for allowance horses. Riding Flaw, owned and trained by Morris H. Dixon, Deveau caught Mrs. M. G. Walsh's Secant over the 10th and final hurdle and drove his mount to a 2 length triumph. Tiring after landing over the final hurdle, Secant also gave way to Mrs. A. J. Smithwick's Crag, who got up to be 2nd, 1 1/2 lengths in front of Secant. Although the latter could not hold out to win, the 1 point gained for running 3rd gave him a total of 7 points in the UHRA's hurdle division to break a 6 horse tie for first honors. Registering his 1st success since 1956, Flaw negotiated the "about" 2 miles and 10 hurdles in 4:14 2/5.

A field of 13 answered the bugle for the Laurel Ridge, an "about" 1 mile turf test which closed the day of sport. Mrs. William Coxie Wright was represented by Ben Arthur and *Aria Viva with Deveau up on the latter. The first named was 1st away from the barrier and as the band passed the 1/4 marker, he had a 2 1/2 length advantage with his stablemate running ahead of the remainder. Tiring after the 1/2, Ben Arthur gave way and *Aria Viva went to the front. Responding to Deveau's handling, *Aria Viva moved away from the field to coast under the wire 3 1/2 lengths ahead of James F. McHugh's Sausage. Mrs. Henry Obre's Equistellar got up to be 3rd, 2 lengths in the wake of the McHugh color-bearer under Paddy Smithwick. Although tied for national 'chase riding honors, A. P. (Paddy) Smithwick finds the Rolling Rock session somewhat a jinx, not having scored at the meeting since he won with Mrs. V. G. Cardy's *Evian over hurdles in 1956.

Scoring his first success at a hunt race meeting this year, Mrs. Wright's French-bred gelding was timed for the "about" 1 mile in 1:31 4/5.

where it is on permanent exhibition at a prominent museum.

Phar Lap was foaled in New Zealand in 1926 and was bought at a yearling sales for \$800. He was taken to Australia to race and after an ordinary two-year-old season became the best three-year-old Down Under winning 13 of 20 starts. At four he won 14 of 16, including the two-mile Melbourne Cup under 138 pounds. The following year he won eight of his nine starts, his only defeat coming in the Melbourne Cup with 150 pounds up.

His record was so impressive in his last two Australian seasons that many bookmakers refused to offer a price on him.

Phar Lap derived his name from the Javanese word meaning "lightning". He was called "The Red Terror" because of

Miss Anna Bockius of Upperco, Md., and Tom O'Farrell, Westminster, Md., looking over Miss Bockius' chestnut colt by Loser Weeper-Teaneck Madcap by Head Play, which was purchased for \$6,100 by P. Lenin.

his chestnut coloring. He was anything but a "picture" horse. But, from the saddle on back, he was all horse.

Only 15,000 spectators saw his North American race but those who did were highly impressed. Pat Knebelkamp and W. T. "Fatty" Anderson, two of the more prominent horsemen of that period, said Phar Lap was the greatest they had ever seen.

His lifetime record shows 51 starts, 37 wins, three seconds, and two thirds for earnings of \$332,700.

In Australia, Phar Lap has become a legendary figure. Off his one race on this continent the legend has taken a firm hold here.

BRECKENRIDGE LONG

Breckenridge Long, of Montpelier Farm, Laurel, Md., died at his home on September 26th at the age of 77. He served as Assistant Secretary of State under Presidents Woodrow Wilson and Franklin Roosevelt in both World Wars and was Ambassador to Italy from 1933 to 1936. He was a former member of the Board of Directors of Laurel Race Course and was a successful breeder on a small scale, two of his best horses being Westward Ho and Nasca.

GRAYSON FOUNDATION

Clarkson Beard, recently elected president of the Grayson Foundation on a full time basis, points out that the states which receive millions of dollars in taxes on racing, spend large amounts for research on the diseases of cattle, sheep, swine and poultry, but virtually nothing for the diseases affecting the horses which bring them in all this revenue.

HANES-WILSON DINNER

John W. Hanes, president of the New York Racing Association, and Gwynn Wilson, general manager of Santa Anita Park, were hosts to about 120 leading figures in racing at a dinner at Toots Shor's on September 24th. Mr. Hanes in addressing the dinner went on record as opposing the legalization of off-course betting to raise additional revenue for the City of New York as proposed by Mayor Robert F. Wagner and adopted by the City Council.

LOU SMITH

Lou Smith, vice president and general manager of Rockingham Park, was named "Man of the Year" at the annual dinner dance show of The Jockeys Guild at the Waldorf-Astoria Hotel, New York, on September 27th.

MILLER HELMET—The Miller Harness Company, Inc., of New York, has developed a protective helmet, lighter in weight than those previously used at the race track, which has been approved by the Racing Commission and Stewards of New York, New Jersey and New Hampshire. Built of Boltaron, which is unharmed by blows that will dent sheet metal, the helmet weighs twelve ounces, is padded with foam rubber, has Nylon suspension and leather sweatband, and is fitted with an adjustable elastic chin strap and leather chin cup. It is ventilated and made in four different colors. Obviously the helmet will also be useful to those riding at the hunt race meetings and in point-to-points.

TOM BIRD

Thomas J. Bird, official timer and clocker for the Ontario Jockey Club, who saw every Queen's Plate race from 1894 to 1957, recently died in Toronto at the age of 83.

RABIES REPORT

John C. Jones, Branch of Predator and Rodent Control, U. S. Fish and Wildlife Service and F. Nelson Swink, Jr., Mammal Control Supervisor, Virginia Commission of Game and Inland Fisheries, have recently issued the annual report on "The

THE CHRONICLE

Status of Rabies in the Middle Atlantic States of Virginia, West Virginia, Maryland, Delaware, and The District of Columbia for the Fiscal Year 1957 - 1958". They observe: "Rabies cases recorded in the Middle Atlantic States during the past fiscal year have continued to follow the trends and patterns noted in reports of the past several years. The highly encouraging improvement in reported cases among dogs has been more than offset by the continued high incidence in wildlife.

"The startling change in the dog rabies situation bears eloquent testimony to the effectiveness of vaccination. In those areas where rabies was present only in dogs, and organized vaccination programs have been conducted and maintained, the disease has been virtually eliminated. The peak number of dog cases reported occurred in 1953 - 1954, with a total of 591 in the four States. This dropped to 96 a year ago and only 62 dogs were diagnosed positive this past year, an overall decrease of 90 percent! Most spectacular has been the situation in the eastern half of Virginia. The Newport News - Hampton - Warwick Peninsula, for Example, reported 200 cases prior to enacting dog vaccination ordinances in 1953 - 1954. Not one case has been reported from those localities in the past three years. For the time being, at least, rabies seems to have been eradicated from an area with a long history of dog rabies. The four West Virginia Counties, Fayette, Raleigh, Wyoming and McDowell, forming a line in the south-central part of the State also have a long history of dog rabies, cases reaching a total of 234 in 1954 - 1955, when the State-wide dog vaccination law went into effect. These same Counties dropped to 30 then 11, and no cases were recorded this past year.

"With such evidence of effectiveness it is incredible that many localities refuse to provide this protection for their human and animal populations. Dog vaccination continues to remain a controversial subject in many counties where rabies is well established. The actual presence of the disease in the county, however, should not be the criterion for vaccinating. Universal vaccination of all pets must be the ultimate goal."

No humans contracted rabies in the district. Rabies cases among animals amounted to 542 as compared with a high of 918 during the 1953 - 1954 season.

"Operational programs for the control of wildlife rabies were restricted to Virginia. They were organized into one large area cooperative program that included 20 counties, mostly in the Shenandoah Valley and northern Virginia.

"Damage of stock and poultry in parts of the Shenandoah Valley has been far less than at any time in the past ten years, and reported cases of rabies have fallen off sharply in most of the counties."

GERMAN OLYMPIC DRESSAGE HORSES

Sissi, the Hanoverian mare, the property of Mrs. Franklin Downton of Calif., which she rode to second place in the Novice C2 Class of the First Annual National Dressage Event at the Bloomfield Hills Open Hunt Club on September 20th and 21st, was formerly on Germany's Three Day Olympic Team, having been ridden at Stockholm in 1956 by Otto Rothe. Another horse formerly belonging to Germany's Olympic Committee competing in the event was Miss Karen McIntosh's Scipio, a Thoroughbred by Oleander, which won the C2 Open Class and the Prix St. Georges. In Germany Scipio was ridden to many first places by Reiner Klimpke, who is now a member of the German 3-day squad.

TRYON EVENTS

The Annual Fall Hunter Trials, Tryon, N. C., will be held at Mr. and Mrs. George Brannons' Mulberry Farm on October 25th. On the following day the Second Annual Fairview Colt Show, sponsored by Fairview Farms, will be held in co-operation with the Tryon Hounds. Edmund C. Bowen of Middlebury, Conn. will judge both events.

ONE MORE COURSE BUILDER

In the caption to the picture published on page 16 of our issue of October 3rd illustrating one of the jumps on the international course used in the U.S.E.T. Benefit Show at the Sears Estate, Hamilton, Mass., we gave the names of two of the course builders, but omitted that of Robert Culbert. Our apologies.

JOCKEYS' INSURANCE BENEFITS

Benefits to jockeys under the insurance program of the 41 TRA member tracks, will take an appreciable jump with the renewal of their contract with Lloyds' Underwriters in December, Spencer J. Drayton, Executive Secretary of the TRA announced today.

"Negotiations with Maurice R. Gross, Lloyds' representative, have resulted in a choice between a reduction in the daily premium paid by the race tracks or increased coverage. The Board of Directors have recommended that member tracks renew the contract with the additional benefits rather than take the premium reduction. The new contract will become effective on December 1, 1958," Drayton said.

Under the new contract hospital and medical benefits will be \$5,000 and weekly indemnity payments, for 104 weeks, will be \$50. Under the original contract in 1941 indemnity payments were limited to 52 weeks at \$25 and hospital and medical benefits were \$2,000. The program provides for death benefits of \$5,000.

HIGH AND MIGHTY

Miss Sheile Willcox' High and Mighty which, for the past three years, has been virtually invincible in international three day events, did not compete at the recent three day event at Harewood, England. Instead Miss. Willcox rode her novice horse Airs and Graces on which she placed fifth. It is understood that High and Mighty is being prepared for the Grand Prix de Dressage at the Olympic Games in 1960.

ARIZONA ASSOCIATION

An association, of state horse clubs has been organized to keep a point record on champion and reserve champion horses.

Benson Hedges, 949 W. Myrtle, is president of the new Arizona Horse Exhibitors Association.

Other officers are George Brown, vice president; Virginia S. Hedges, secretary-treasurer, and Helen Steinman, Jay Inman, J. Allen Ginn, Aubrey Caswell, Robert Davis, Gene Baird, and John Shumaker, board members.

At the close of the season a championship and a reserve championship will be awarded in these divisions: Hunters, jumpers, stock horses, trail horses, Western pleasure horses, English pleasure horses, parade horses, palominos, and Arabians.

Also recorded points will be tabulated on gymkhana horses in barrel bending, key hole, and clover leaf races. Points also will be kept on champion and reserve champion high-point riders under 18 in hunter seat and stock saddle seat.

PRINCE BERNHARD

Prince Bernhard of the Netherlands, president of F.E.I., was recently second in the dressage event at the Rotterdam International Show.

CAUTION

Whilst doing some work in the National Sporting Library Middleburg, Virginia the other day we came across the following paragraph in the Racing Calendar 1798, which in itself is nothing remarkable but when read in the modern manner or by pronouncing the words just as they are written you come up with some funny sounds: "Caution. In consequence of the many fatal accidents which have happened by horses running too near the pofts, the Stewards of Newmarket Races have caufed the large and fixed pofts on the Heath, to be furrounded with turf-banks, about five feet in the bafe, and floping to the poft, at the height of about four feet; and in other parts of the courfe, particularly where there are turns, they have adopted the ufe of flender pofts, that will break on any frong preffur, which they earneftly recommend to the notice of Stewards and Managers of races in general."
